In the Supreme Court of the Colony of the Cape of Good Hope.

To THOMAS CHARLES EDWARD CORBETT:

TAKE notice that by Citation issued from and filed in the Supreme Court of the Cape of Good Hope, you have been cited to appear before Our said Court on Tuesday, the 12th day of March, 1907, to shew cause, if any, wherefore you have not paid to CHARLES WILLIAM FLEMING (hereinafter called the Plaintiff) the sum of £225 which the Plaintiff complains that you owe him upon and by virtue of a certain Mortgage Bond for the sum of £225, bearing date the 16th day of November, 1905, passed and executed by Sidney Shippard Hutton as your duly authorised agent to and in favour of the Plaintiff, as also the sum of £1 2s., being the amount of an insurance premium and stamp paid by Plaintiff for you on your behalf, which you owe to the Plaintiff in terms of the said Bond, together with the interest on the said sum of £225, at the rate of eight per cent. per annum, reckoned from the 1st January, 1906, inclusive, to the date of payment, and on the sum of £1 2s. at the rate of six per cent. per annum, reckoned from the 22nd November, 1906, inclusive, to the date of payment, which said Bond has become due and payable by reason of your failing to pay the interest since the 31st December, 1905, in terms of the said Bond, and to comply with the terms of the said Bond, and also to acknowledge or deny the execution of the said Bond or the validity of the said debt.

And also then and there to plead to the Provisional Claim of the said Plaintiff for payment thereof, under security, with costs, and at the same time to shew cause, if any, why the property specially hypothecated by the said Bond, to wit:—Certain piece of land with the buildings and erections thereon, being building erf No. 341, situate in Butcher Street, in the Township of Sterkstroom, Division of Queenstown, measuring 25 square rods, shall not be declared executable for the sums above demanded, and to join issue thereon.

EDWARD THE SEVENTH, by the Grace of God, of the United Kingdom of Great Britain and Ireland, and of the British Dominions beyond the Seas, King, Defender of the Faith, Emperor of India.

To the Sheriff of the Colony of the Cape of Good Hope, or his lawful Deputy,

GREETING!

WHEREAS upon the Petition of DAVID PIETER DE VILLIERS GRAAFF, of Cape Town, it appears to Us that the Estate of the late WILLIAM CHRISTIAAN SCHOLTZ, represented by AGNES JUDITH SCHOLTZ, in her capacity as Executrix Testamentary, is justly and truly indebted to the said Petitioner in the sum of Fifteen Thousand Pounds (£15,000), being the amount of certain three Mortgage Bonds for Five Thousand Pounds (£5,000), Three Thousand Pounds (£3,000), and Seven Thousand Pounds (£7,000), passed in favour of said Petitioner on the 17th September, 1901, 14th November, 1901, and 15th December, 1902, respectively, for which said sums the said Petitioner obtained judgment against the said Estate, on the 12th day of December, 1905, together with interest thereon at six per cent. (6%) per annum from the 1st day of July, 1904, less the sum of Three Hundred and Fifty-six Pounds Seventeen Shillings and Threepence (£356 17s. 3d.) paid on account:

And whereas it further appears to Us that on the 20th day of December, 1905, the said Petitioner issued out of this Court a Writ of Execution against the goods and chattels of the said Estate for the said sum, together with interest thereon as aforesaid, and the sum of Nine Pounds Thirteen Shillings and Threepence (£9 13s. 3d.), being the taxed costs and charges of the Petitioner, but that it appears from the Writ that the Sheriff has made a return of *nulla bona* thereon, and that, in consequence of the failure of the said Defendant to satisfy the said judgment (as appears from the said return), an act of insolvency has been committed.

And whereas in March, 1906, the High Sheriff of this Colony obtained a sworn valuation of the landed property mortgaged, which had then been attached for submission to a Meeting of Mortgagees, which valuation amounts to £10,000, leaving a deficiency of £4,800 upon the claim of the said Plaintiff, whereby it is further shewn that the Estate is insolvent, there being no movables and the liabilities of the said Estate exceeding the assets, whereupon the said Petitioner prayed that the Estate of the said WILLIAM CHRISTIAAN SCHOLTZ might be sequestrated for the benefit of the Creditors thereof.

And whereas it further appears to Us of record that the Honourable Mr. Justice Maasdorp, one of the Judges of the Supreme Court of Our said Colony, did by an order under his hand, bearing date the 25th day of January, 1907, place the Estate of the said WILLIAM CHRISTIAAN SCHOLTZ under sequestration, in the hands of the Master of the Supreme Court, until the same should be thereafter adjudged to be sequestrated.

And whereas the said AGNES JUDITH SCHOLTZ is at present residing in England, out of the jurisdiction of this Colony, but whereas it appears that GEORGE WILLIAM STEYTLER holds her General Power of Attorney in her said capacity, and this Honourable Court has ordered service of the Summons herein to be effected on the said GEORGE WILLIAM STEYTLER, Secretary of the Colonial Orphan Chamber and Trust Company, Church Square, Cape Town, and also one publication thereof in the *Government Gazette*, and a copy of said Summons to be affixed on the door of Our Supreme Court of Our said Colony of the Cape of Good Hope.

Now, therefore, We command you that you summon the said AGNES JUDITH SCHOLTZ (born Ellis), in her capacity as Executrix Testamentary in the Estate of the late WILLIAM CHRISTIAAN SCHOLTZ, that she appear before Our Judges of Our Supreme Court of Our Colony on the 14th day of February, 1907, at 10.30 o'clock in the forenoon, to show cause (if any) why the Estate of the late WILLIAM CHRISTIAAN SCHOLTZ should not, by sentence of the Supreme Court, be adjudged to be sequestrated for the benefit of the Creditors thereof.

And serve on GEORGE WILLIAM STEYTLER, Secretary of Colonial Orphan Chamber and Trust Company, Church Square, Cape Town, a copy of this Summons, and also post a copy thereof on the door of the Supreme Court of the Colony of the Cape of Good Hope, and return you this Summons immediately after the service thereof, with whatsoever you have done thereupon.

Witness:—The Right Honourable Sir John Henry de Villiers, K.C.M.G., P.C., Our Chief Justice of the said Colony, at Cape Town, the 29th day of January, 1907, in the Seventh Year of Our Reign.

If the exigencies of the Public Service render it necessary to alter the proportions assigned to the particular items comprised under one vote, it shall be lawful for the Minister charged with such expenditure to authorise the use of surpluses on items in a sub-vote to cover deficits on items in the same sub-vote, or, when there are no sub-votes, the use of surpluses to cover deficits for items which are not incongruous: Provided that no surplus on a sub-vote shall be made available for expenditure on another sub-vote, or any surplus in a vote which has no sub-votes, for expenditure of an incongruous kind under the same vote without the authorisation of the Treasurer; and, in the latter event, the said Treasurer's approval, upon a form prescribed in the

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

Regulations, shall be forwarded to the Auditor in order that the amount may be duly transferred as though the estimates had originally shown the figures as so modified, and that the facts may be reported by him to Parliament, provided further that on no account shall any salary grants be supplemented from savings under any other items.

(2).—*Payment out of Loans Moneys.*

34. After the passing of any Loan Expenditure Act a copy of the said Act shall be forwarded by the Treasurer to the Auditor, who shall thereupon notify to the several Ministers respectively the sums authorised by Parliament for expenditure by the several departments under each Minister after the moneys required have been actually borrowed.

35. Any moneys borrowed under the authority of any Loan Act, whether passed before or after the commencement of this Act, other than loans to cover deficits in revenue, may be applied for and towards the purpose of the loans services specified in such Acts, on requisition of the Minister in charge of such expenditure, approved by the Treasurer and Auditor :

Provided that nothing in this section shall authorise the application for or towards any such loans services of any larger sum of money than is by the Loan Act authorising such service expressly appropriated or set apart therefor :

Provided further that it shall be lawful for the Auditor, on the application of the Treasurer, to approve of the temporary use for one purpose of moneys borrowed for another purpose, provided authority to borrow money for the former purpose has been granted by Parliament, but not at the time exercised or of the temporary use of surplus revenue in the same manner.

(3).—*Mode of Payment.*

36. (1) No moneys shall be drawn from the Consolidated Revenue Account, except under the authority of an Act of Parliament, or out of a special deposit account, except for the purposes of such account and under such authority as may be applicable to its constitution.

(2) No moneys shall be drawn from any public account except in the manner herein provided or in accordance with regulations.

37. All requisitions against funds provided by Parliament for expenditure shall be in a form prescribed by regulations and shall be submitted in the first instance to the Treasurer, who is empowered by this Act to reduce or refuse any amounts so requisitioned for when he considers that the financial conditions of the Colony render it necessary to restrict or postpone expenditure ; and the Auditor shall in no case authorise the issue of more than the sum approved by the Treasurer.

38. (1) Upon receipt of an advice from the Auditor that a credit upon requisition has been authorised to him, an accounting officer, either personally or through his authorised agents, may forthwith issue drafts or charges upon the proper accounts, in form prescribed by the regulations, for the payment of the services or purposes mentioned in the said requisition.

(2) The amounts of such drafts or charges shall not collectively exceed the amount for which credits have been authorised.

(3) Such drafts or charges shall be sufficient authority to any bank on which they are drawn and in which the said accounts are kept to debit the accounts respectively with the respective amounts mentioned in the said drafts or charges.

(4) Every accounting officer in whose favour a credit has been established under this section shall, at such times as the regulations may direct, transmit to the Auditor accounts or abstracts duly vouching for his several payments from such a credit.

39. (1) No accounting officer or public accountant shall pay any account unless :—

(a) He has ascertained that the provisions of this Act and of the regulations relating to payment of accounts have been complied with ; and

(b) The payment of the account has been authorised by the responsible Minister of his Department or by some officer appointed by such Minister in that behalf : Provided that in the latter case the officer shall not authorise payments to an amount greater than that specified by the Minister appointing him.

(2) No Minister or person appointed by him as aforesaid shall authorise the payment of an account unless he has ascertained that the payment is authorised by law or has been sanctioned by the Treasurer under Sec. 37 of this Act, and, if chargeable against the Consolidated Revenue Fund or on an Expenditure Act, is covered by Parliamentary appropriation.

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

(3) The correctness of every account in regard to computations, castings, rates of charge, and the faithful performance of services shall be certified by the officer incurring the expense, except in so far as the Auditor shall have satisfied himself on these points before payment is made.

40. Every accounting officer or public accountant shall, at the time of paying an account, obtain such acquittance for the amount paid as may be prescribed in the regulations.

PART VI.

AUDIT AND INSPECTION.

41. The manager or person in charge of any bank keeping any account under this Act shall keep a pass book showing the debit and credit sides of each such account, and shall furnish the same to the Treasurer or to each accounting officer, as often as required.

42. The Auditor on receipt by him of the necessary accounts, vouchers, documents and returns required by regulations to be furnished to him by accounting officers or public accountants, shall inquire into and audit the accounts of all such persons as are entrusted with the collection, custody, receipt, payment or issue of public moneys, and shall—

- (a) Compare the entries in the cash book or cash account with the supporting vouchers and documents and also with the bank pass book ;
- (b) Ascertain whether such vouchers and documents bear upon the face of them the correct description of the proper heads of receipt or expenditure to which the moneys mentioned therein have been credited or debited ;
- (c) Ascertain whether the moneys mentioned on the debit side of the cash book or account have been duly paid to the several bank accounts authorised by the Treasurer, and whether the sums mentioned on the credit side of the cash book or account have been actually and duly disbursed under competent authority, and on the prescribed certificates ;
- (d) Ascertain whether the moneys mentioned in the entries in the cash book or account have been credited or debited to the proper heads of receipt or expenditure ;
- (e) Ascertain whether the rates, computations and castings are correct or duly certified to by responsible departmental officers ;
- (f) Ascertain whether such moneys were legally available for, and applicable to, the service or purposes to which the same have been applied or charged ;
- (g) Ascertain whether the provisions of this Act, and of any other Act, and of the regulations have been in all respects complied with.

43. (1) The Auditor shall make such queries and observations addressed to the Treasurer, or to any accounting officer or public accountant or other officer in the Public Service in any way concerned with the receipt or payment of public moneys, and call for such accounts, vouchers, statements, documents and explanations, as he may think necessary.

Every such query and observation addressed to any such accounting officer or officers shall, within fourteen days after its receipt, be returned to the Auditor by such accounting officer or officers with the necessary reply or memorandum thereon.

(2) After such queries and observations have been answered, and after such accounts, vouchers, statements, documents, and explanations have been rendered, the Auditor shall allow and discharge and grant an acquittance to such accounting officer or officers as aforesaid, for all receipts which are found correct, and for all payments duly and properly made and supported by proper receipts or vouchers.

(3) Every such acquittance shall be in such form as prescribed in the regulations as may be applicable to the case, or to the like effect, and shall be a full and complete discharge as to the several moneys mentioned therein :

Provided that in respect of any of the foregoing operations prescribed in sections forty-two and forty-three, the Auditor, after satisfying himself that the Accounts bear evidence that the vouchers have been completely checked, examined and certified as correct in every respect, and that they have been allowed and passed by the proper departmental officers, may admit the same as satisfactory evidence of payment in support of the charges to which they may relate.

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

44. (1) If it appears to the Auditor from any examination, audit or inspection made by him, or by any person appointed by him—

- (a) That any accounting officer or public accountant has wilfully or negligently omitted to collect or receive any money ; or
- (b) That any money has not been duly credited to the proper head of revenue or account, or has not been duly accounted for and paid over to an authorised account ; or
- (c) That any money has been applied or charged to any service or purpose for which the same was not legally available or applicable ; or
- (d) That any expenditure has not been duly authorised, or has not been duly vouched or certified ; or
- (e) That there has been any deficiency or loss through the fraud, mistake, default, or error of any person ; or
- (f) That any account, voucher, statement, document, or explanation in the last preceding section referred to is in any essential particular defective or imperfect ; or
- (g) That any material error has been committed ; or
- (h) That any of the provisions of this Act or any other Act, or the regulations have not been complied with ;

the Auditor shall, as soon as the said accounts, vouchers, statements, documents, or explanations have been examined by him, surcharge any accounting officer, or public accountant, or officer certifying accounts, or person in any way concerned with the receipt or payment of public moneys who appears to him to be in default, with any deficiency or loss, or with any expenditure which has not been duly authorised, vouched or certified, and disallow the same, and he shall give written notice of such surcharge to such accounting officer, public accountant, officer, or person, stating the time within which such surcharge must be satisfied.

(2) All surcharges unsatisfied in the time allowed by the Auditor shall be transmitted by him to the Treasurer to be by him enforced against the accounting officer, public accountant, officer, or person surcharged.

(3) The Auditor may at any time revoke any surcharge or disallowance by him under this section which has been made in error.

45. Whenever the Treasurer has received notice of an unsatisfied surcharge, he shall, unless such surcharge shall have been previously satisfied or withdrawn, send notice in writing of such surcharge to the accounting officer, public accountant, or person surcharged, and take such measures or proceedings as the case may require, to recover the amount thereof ; and no amount payable to, or claimed by, such accounting officer, public accountant, officer, or person from the Crown shall be paid until such surcharge has been satisfied ; and the amount of every such surcharge may be sued for and recovered on behalf of His Majesty by action, in the name of the Treasurer, as a debt, in any competent court of jurisdiction.

Provided always that unless the Treasurer shall otherwise direct, not more than one-fourth of the amount of salary due monthly to any officer so surcharged shall be kept back under this section.

46. In all cases in which an accounting officer, public accountant, officer, or person may be dissatisfied with any surcharge made against him by the Auditor, such accounting officer, public accountant, officer, or person shall have a right of appeal to the Treasurer, who, after such further investigation as he may consider equitable, whether by *vivâ voce* examination or otherwise, may make such order.

- (a) Either partially or wholly confirming such surcharge, or partially or wholly suspending its operation pending submission of the case to Parliament, and the Auditor shall govern himself accordingly.
- (b) Provided that whenever such suspension of a surcharge is granted, a Governor's Warrant upon the Contingencies Account for the amount in question shall be applied for simultaneously.

47. (1) The Auditor may, whenever he thinks fit, and shall also (if possible) once at least in every year, make or cause to be made an inspection, examination and audit in respect of the books and accounts of every accounting officer and every public accountant, other than sub-collectors of revenue who pay in to collectors ; and for the purpose of such inspection, examination, and audit he shall :—

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION,

- (a) Ascertain whether the whole of the revenue and public moneys have been duly collected and accounted for in pursuance of this Act, or any other Act, and whether the moneys received under any credit in pursuance of this Act have been duly and properly paid to the persons entitled to receive the same ;
 - (b) Investigate and examine all contracts, accounts, invoices, books, bills of parcels, vouchers relating to the Public Service, and all documents relating to or concerning the same, and all circumstances affecting or attending the making of any such contracts ;
 - (c) Once at least in every year (if possible) inspect and examine, or cause to be inspected or examined, all stores under the control of the State of whatsoever nature or description the same may be, and shall cause stock thereof to be taken ;
 - (d) Ascertain, or cause to be ascertained, the quantity, description, and price of all stores under the control of the State, and of all stores supplied for the use of departments of the Public Service, and whether any such stores are, in his opinion, in excess of reasonable requirements ; and
 - (e) Examine, or cause to be examined, whether the proper quantities of such stores are remaining in stock in the proper store or building.
- (2) The Auditor shall, in his Annual Report to Parliament hereafter referred to, report the general result of such inspections and examinations.

48. No sum shall be allowed in any account to have been duly received or paid without the production of a voucher for the actual receipt or payment of the same :

Provided that the Treasurer, on satisfactory evidence being produced that the requisite papers have been lost or destroyed, or that it is not possible to obtain or replace them, may order that any such sum be allowed or disallowed, as the case may be, and may make such order in the premises as he thinks fit, and such order shall be binding on all parties concerned and be acted on accordingly.

49. (1) When a voucher produced for a sum of money disbursed is defective for the want of any certificate or other document which ought to have accompanied it, or in any other particular, the Auditor may, upon proof being made to his satisfaction that the accounting officer did not wilfully neglect to procure or produce such certificate or document, and that the sum specified in the voucher has been actually and properly disbursed, admit such voucher as a sufficient discharge and allow the amount of the same.

(2) The Auditor may admit and allow vouchers for any moneys expressed therein, although the same are not stamped according to law, in cases in which it appears to him to be lawful or expedient so to do.

50. The Governor may exempt from detailed audit by the Auditor, but not from an appropriation audit by him, the accounts of receipt and expenditure of any department, the peculiar duties, constitution, or services of which may render such exemption expedient :

Provided that a statement as to such exemption shall be laid before the House of Assembly, if Parliament is then sitting, within seven days after such exemption has been made as aforesaid, and if Parliament is not sitting, then seven days after the next meeting of Parliament.

51. The provisions of this Act, except as mentioned in Section 17 (b), shall not apply or extend to the audit or control of the Accounts and Appropriations of the House of Assembly, and of the Joint Parliamentary expenses of both Houses of Parliament ; and the audit by the Speaker of the accounts of all payments and receipts in reference to all matters affecting the service of the House of Assembly and of Joint Parliamentary expenses shall be continued as heretofore anything in this Act to the contrary notwithstanding.

52. The examination and audit by the Treasurer and Auditor-General of the wards' book and accounts in the office of the Master of the Supreme Court, prescribed by section 35 of Ordinance No. 105 of 1833, shall hereafter cease, and the audit of the said books and accounts shall be entrusted to the Auditor under this Act, who shall certify annually to the excess moneys to credit of the Guardian's Fund over the total due to persons and estates with whom and with which accounts have been opened in the wards' books : and notwithstanding anything to the contrary in the second section of the Sinking Fund Extension Act, No. 12 of 1900, the cost of such audit, as assessed by the Auditor, shall be a first charge against surplus interest and lapsed funds arising from the operation of the Guardian's Fund.

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

PART VII.

THE PUBLIC ACCOUNTS AND STATEMENTS.

53. The Auditor shall cause in every year an account of the receipts and expenditure of the Colony for the financial year ended 30th June preceding to be prepared; and the said account, together with the report of the Auditor thereon, shall be laid before the House of Assembly by the Treasurer on or before the 31st of March in the following year if Parliament be then sitting, and if not sitting, then within one week after Parliament shall be next assembled.

54. On or before the 30th of September in every year accounts of the appropriation of the several supply grants comprised in the Appropriation Act of each year shall be prepared by the several accounting officers, and be transmitted for examination to the Auditor; and when certified and reported upon as hereinafter directed, they shall be laid before Parliament, and such accounts shall be called the "Appropriation Accounts" of the moneys expended for the services to which they relate; and the Auditor shall certify and report on such accounts as hereinafter directed, and the report thereon shall be signed by the Auditor;

Provided always, and it is the intention of this Act, that the Governor shall direct that the department charged with the expenditure of any vote under the authority of the Governor shall prepare the appropriation account thereof.

55. An appropriation account of supply grants shall exhibit on the charge side thereof the sum or sums appropriated by Parliament for the service of the financial year to which the account relates; and on the discharge side thereof, the sum which may actually have come in course of payment within the same period, and no advance of the application of which an account may not have been rendered to, or allowed by, the accounting department, shall be included on the discharge side thereof.

56. The department charged with the duty of preparing the appropriation account of a grant, shall, if required so to do by the Auditor, transmit to him, together with the annual appropriation account of such grant, a balance sheet so prepared as to show the debtor and creditor balances in the ledgers of such department on the day when the said appropriation account was closed, and to verify the balances appearing upon the annual appropriation account:

Provided always that the Auditor may, if he thinks fit, require the said department to transmit to him, in lieu of such balance sheet, a certified statement showing the actual disposition of the balances appearing upon the annual appropriation account on the last day of the period of such account.

57. Every appropriation account when rendered to the Auditor shall be accompanied by an explanation showing how the balance or balances on the grant or grants included in the previous account have been adjusted, and shall also contain an explanatory statement of any surplus or excess of expenditure over the grant or grants included in such account, and such statements, as well as the appropriation accounts, shall be signed by the accounting officer.

58. Every appropriation account shall be examined and reported on by the Auditor on behalf of Parliament, and in the examination of such accounts, the Auditor shall, subject to the proviso to section forty-three (3) hereof, ascertain, first, whether the payments which the accounting department has charged to the grants are supported by vouchers or proofs of payments, and, second, whether the money expended has been applied to the purpose or purposes for which such grant was intended to provide; and in reporting on such accounts, he shall call attention to every case in which it may appear to him that a grant has been exceeded, or that money received by a department from other sources than the grants for the year to which the account relates, has not been applied or accounted for according to the directions of Parliament, or that a sum charged against a grant is not supported by proof of payment, or that a payment so charged did not occur within the period of the account, or was for any other reason not properly charged against the grant.

59. The Auditor may, in such annual report or in any special report which he may at any time think fit to make, recommend any plans and make any suggestions for the better collection and payment of the public moneys, and for more effectually and economically auditing and examining the public accounts and stores, and may generally report upon all matters relating to the public accounts, moneys and stores,

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

60. If the Treasurer shall not, within the time prescribed by this Act, present to Parliament any report made by the Auditor on any of the appropriation accounts, or the annual account of revenue and expenditure, the Auditor shall forthwith transmit such report to the Speaker of the House of Assembly to be by him presented to the said House.

61. As soon as any interest on, or any debentures or stock forming part of, the public debt of the Colony or any contribution towards the gradual extinction of such debt by annual drawings, becomes due and payable, the amount so due shall be paid into a separate deposit account and audited by the Auditor, and shall forthwith become a final charge to the vote entitled "Public Debt," anything in the preceding sections of this Act notwithstanding.

62. All interest on the public debt of the Colony, and all debentures and stock which may thus become due and payable, shall, when actually paid or redeemed, be charged together with the expenses of annual drawings, to the aforesaid deposit account.

PART VIII.

MISCELLANEOUS AND SUPPLEMENTAL.

(1) Moneys Outside the Colony.

63. The Auditor may make such regulations, not inconsistent with the provisions of this Act, as he considers necessary for the collection, receipt, custody, issue, expenditure, due accounting for, care, and management outside Cape Colony of any public moneys, and for the keeping of books and accounts and furnishing statements, returns, and vouchers relating to such collection, receipt, custody, issue, expenditure, accounting for, care, and management, and for the examination, inspection, record and audit of such books, accounts, statements, returns and vouchers: provided that all such regulations shall be approved by the Governor previous to the issue thereof and upon being so approved shall have the force of law, and the same shall be laid upon the Table of both Houses of Parliament within seven days after the beginning of the Session of Parliament next ensuing.

(2) Funds for the Contingencies Account.

64. Inasmuch as no fund has been created to meet any warrants issued by the Governor under the provisions of the Contingencies Account Act No. 14 of 1892, it shall be lawful for the Governor, subject to the Auditor certifying that there is an insufficiency of funds in the Exchequer to meet such warrants, to raise, by way of temporary loan, in such manner as may seem to him to be most expedient, an amount equivalent to the amount of such warrants. Notwithstanding anything to the contrary in any law, the Contingency Account Act, 1892, shall in respect of the aggregate amount of issues advanced on behalf of liabilities incurred on emergency without the previous authority of Parliament be read and construed as if the words one hundred thousand pounds in the second, third and fourth sections were omitted therefrom and the words three hundred thousand pounds inserted in their stead.

(3) Penalties.

65. (1) Any accounting officer or person subject to the provisions of this Act who—

- (a) Applies, disposes of, or makes use of any moneys or stores which have come into his possession, or are under his control by reason or virtue of his office, service or employment, otherwise than as provided in this Act or the regulations; or
- (b) Pays any such moneys into his private account at any bank,

shall be deemed to have converted such moneys or stores to his private use, and shall be liable upon conviction before any competent Court to imprisonment for a term, with or without hard labour, not exceeding three years.

(2) Any such accounting officer or person who wilfully damages or destroys any such stores shall be liable to imprisonment for a term not exceeding six months.

66. (1) When the Treasurer has given a certificate in writing under his hand declaring that for any reason mentioned in such certificate any document subscribed by any person should be accepted in lieu of any statutory declaration required by this Act or the regulations, the Governor may order that any document so subscribed shall be so accepted in lieu of such declaration.

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

(2) Any person who wilfully and corruptly makes and subscribes any such document, knowing the same to be untrue in any particular, shall be liable after conviction before any competent Court to imprisonment for a period not exceeding one year with or without hard labour.

67. Any person who is guilty of any wilful act of commission or omission contrary to any of the provisions of this Act, for which no penalty is expressly provided, shall be liable to a penalty not exceeding fifty pounds.

68. Any person who wilfully destroys mutilates or alters any document, voucher, receipt, order or other paper with the object of deceiving, misleading or withholding information from the Treasurer, Auditor or any person acting under their directions shall be liable upon conviction before any competent Court to imprisonment for a period not exceeding one year with or without hard labour.

69. All penalties incurred under this Act may, in addition to any other method of recovery provided in this Act, be imposed and recovered after inquiry by the Treasurer either generally or for the purpose of any particular case, and when paid or recovered, shall be paid into the Consolidated Revenue Account.

70. (1) The Auditor is hereby authorised to make from time to time such regulations, not inconsistent with the provisions of this Act, as may appear to be necessary and expedient for the purposes of this Act and to enable him to exercise and perform the powers, authorities, and duties hereby imposed upon him, provided that all such regulations shall be approved by the Governor previous to the issue thereof, and upon being so approved, shall have the force of law, and the same shall be laid upon the table of both Houses of Parliament within seven days after the beginning of the session of Parliament next ensuing.

71. This Act may be cited for all purposes as the "Audit Act, 1906."

3. TREASURER'S MINISTERIAL DIVISION.

[126.]

Treasury, Cape Town,
Cape of Good Hope, 1st February, 1907.

[1907.]

HIS Excellency the Governor, with the advice of the Executive Council, has been pleased to approve of the following Regulations, framed by the Controller and Auditor-General under the seventieth section of the Audit Act No. 14 of 1906, to come into operation forthwith. All Regulations issued under the previous Audit Acts which may be repugnant to, or inconsistent with, the following Regulations are hereby cancelled.

W. A. COLLARD,
Assistant Treasurer.

DEFINITIONS.

1. These regulations shall be construed with reference to the terms and interpretations of the Audit Act No. 14 of 1906, which Act is referred to hereunder as "The Act."

In these Regulations :—

All Civil Commissioners are styled "Receivers of Revenue" and such Magistrates and Assistant Magistrates as may be specially authorised by the Treasury to discharge similar duties in respect of Revenue. Such Receivers of Revenue are ordinarily also Divisional Paymasters and as such the agents of the Paymaster-General and of the Accounting Officers, but the Treasury may authorise some other officer to be Divisional Paymaster at any station in lieu of or in addition to the Divisional Receiver. The Agent-General of the Colony, in England, is styled "Receiver of Revenue."

All other persons by whom Revenues are collected are styled "Collectors" or "Sub-Collectors" of Revenue.

All accounts kept and rendered by Receivers of Revenue are regarded as included in, and their aggregate styled the "Exchequer Account of the Colony."

Such officers of the several departments as are charged with the duty of keeping accounts of the total receipts under certain heads of revenue are styled the "Accounting officers" for the Revenue in question.

The Assistant Treasurer is the Paymaster-General of the Colony, and as such is regarded as the banker of all expenditure accounting officers.

EXCHEQUER ACCOUNT.

2. The following (and no other) claims may be paid direct out of Revenue collections before they are carried, as required by section 16 of the Act, to the credit of the Exchequer Account of the Colony in the Bank :—

(a) The shares of fines payable to informers under sundry Ordinances and Acts

(b) Expenses on sale of Government property (not being Crown Lands) or of unclaimed stock or of unclaimed property.

*Act 10 of 1872,
Sec. 72.* (c) Penalties and forfeitures recovered under any Act relating to the Customs (of these two-thirds, or at least one-half, of what remains, after deducting the charges of prosecution and sale, are carried to Revenue and the balances paid to such persons as the Governor may direct).

*Sec. 8 of Act
35 of 1893.* (d) The amount of any judgment, under the eighth section of the Stock and Produce Theft Repression Consolidation Acts No. 35 of 1893 and 7 of 1905.

(e) Interest on value of engines hired from other administrations, and refunds of overcharges or overpayments made in error to Railway officers for the conveyance of passengers, live stock, or goods, or for the hire of houses, rolling stock, tarpaulins, ropes or chains.

(f) In cases in which, where through the error of a Railway officer or a member of the public, passengers, live stock, or goods, having been conveyed to the wrong station, the Railway Department may think it right on general principles to issue tickets, waybills, or invoices for the conveyance of such passengers, live stock, or goods gratis, or at less than the ordinary fares or rates to the proper station and to treat the cases as if the full additional fare or rate had been actually paid and had been refunded in whole or in part.

(g) Moneys not claimable by the public Revenue, collected by the Railway Department or the Postmaster-General on behalf of another Colony, State,

Company, or private person. (In such cases the amount due may be deducted from the collections as soon as the exact amount has been ascertained, or the collections may be paid into the Exchequer and the adjustment made by the Auditor's Transfer Warrant.)

(h) Refunds authorised by warrant on the form G.P.O. 62 (or other similar form which may be in use) of overcharges by any postmaster under the head of "Unpaid postage."

(i) Amounts paid for the repetition of cable messages whensoever the messages are found to have been incorrectly transmitted and the fees paid by means of postage stamps on Savings Bank certificates and emergency warrants but due to the Post Office Savings Bank Interest Account.

(j) Small over-deposits not exceeding £1, in the Exchequer, which the Controller and Auditor-General may have specially authorised to be adjusted by by subsequent equal under-deposits.

(k) Refunds in cash in adjustment of errors in measurement of wood, and any percentages allowed to purchasers of whole sections of timber in the public forests of the Colony.

(l) Upon the payment of British or Colonial postal notes, the value of any postage stamps placed thereon and consequently due to the Postal Order Account.

3. The above regulation shall equally apply in regard to similar claims at non-banking stations where they may be paid direct out of Revenue collections before such collections are carried into the Exchequer chest of the Receiver of Revenue concerned.

4. In all cases covered by the two immediately preceding regulations in which only a portion of the amounts collected is accounted for as Revenue, the disposal of the remainder must be supported by the receipt of the person or persons entitled to receive the same.

5. Should it appear to the Controller and Auditor-General in the course of audit that any moneys belonging to an account kept by the Paymaster-General have been improperly or inadvertently lodged in the Exchequer, he may grant a transfer warrant transferring such amounts to the proper account in the Postmaster-General's books, advising the accounting officer concerned and the officer responsible for the error in question.

6. The whole of each instalment received in connection with the repayment of Local Works, School, Irrigation, Agricultural Distillers and Farmers' Co-operative Loans shall be carried direct to the respective Deposit Accounts and the obligation to pay over to the Exchequer, as soon as may be, in accordance with section 16 of the Act, shall rest upon the accounting officer for the said Deposit Accounts.

7. All receivers, collectors of Revenue and sub-collectors of Revenue (other than postmasters whose collections pass through the Postmaster-General's Deposit Account before reaching the Exchequer) who, being at stations where there are branches of the Standard Bank have been authorised by the Treasurer to make deposits to the credit of the Exchequer in such bank in accordance with section 16 of the Act, shall make such deposits daily when their collections amount to £5 or more, except on the day on which their monthly accounts are closed when any amount, however small, must be deposited.

*8. For every deposit so made the bank will grant receipts, in duplicate, marked "Exchequer Account" of which one, forming the counterfoil, must be retained by the depositor and the other posted or sent without fail the same day addressed to "The Controller and Auditor-General, Cape Town," except in regard to deposits by sub-collectors of Railway Revenue, when such duplicate receipts shall be transmitted without fail by first uptrain to the "Collector of Railway Revenue, Cape Town."

*9. Proper Deposit Receipt Books marked "Exchequer Account," with folios consecutively numbered, will be furnished by the Controller and Auditor-General to all officers authorised or directed by the Treasurer to make deposits, except that in the case of sub-collectors of Railway Revenue such books will be forwarded through the Collector of Railway Revenue.

10. Notwithstanding the provisions of the sixteenth section of the Act requiring the deposit of certain collection to the credit of the Exchequer Account, no moneys may be deposited in the Exchequer except by officers authorised or directed by the Treasurer so to do.

*By arrangement with the Standard Bank the present forms marked "Receiver-General" will be used until the stock is exhausted.

*Proclamation
No. 49 of
1903.*

*Proclamation
No. 135 of
1903.*

*Gort. Notice
No. 1 of
1904.*

3. TREASURER'S MINISTERIAL DIVISION.

11. Receivers of Revenue stationed where there is no branch or agency of the Standard Bank shall keep all such moneys as are referred to in the sixteenth section of the Act, received or collected by them, in their own custody, subject to their being entitled to make authorised payments therefrom on behalf of expenditure accounting officers, the amount of such payments being refunded to the Exchequer by the Paymaster-General at the close of each month, and subject to any instructions which they may receive from the Treasury, to remit Exchequer sums to some other Receiver of Revenue at a banking station.

12. An under-deposit in the Exchequer may be corrected by subsequent over-deposit, but an over-deposit must be reported to the Controller and Auditor-General and may only be adjusted by him or under his authority under regulation 2 (j).

REQUISITIONS FOR FUNDS.

13. Each accounting officer shall prepare a requisition, in duplicate, on the form C.A. 2, under section 17 of the Act, at the commencement of each month (or whenever otherwise necessary) stating the sum he estimates will be required by him for expenditure under each Sub-vote or Loan Act Service, the dates upon which such sums are required, the available balance against which he is requisitioning and, as regards the total, what portion of the sum is required for expenditure in England and what for expenditure in the Colony. After approval by the Treasury, and being passed by the Auditor, the sums required in the Colony shall be placed to his credit in his Treasury pass book, the amounts estimated as required in England being earmarked in the books of the Exchequer Account and so much of them as may prove to be actually required being issued upon the receipt of the Agent-General's accounts showing the expenditure which has taken place on his behalf.

14. No expenditure shall on any account take place in connection with such requisitions until the accounting officer has received advice from the Controller and Auditor-General that the requisition has been approved and passed.

15. All sums specially directed to be paid under the authority of any Act of Parliament and not requiring to be voted by Parliament, shall be requisitioned for exactly as though they had been provided for by a Loan Act.

16. No money issued for one service shall be used for another, except with the approval of the Treasurer or the Minister, as the case may be, as provided by section 35 of the Act.

17. Whensoever, owing to an excess of Post Office Savings Bank withdrawals over deposits or to the necessity for any change in investments, it becomes necessary to withdraw moneys from the Exchequer Account belonging to the Post Office Savings Bank, the Sinking Funds, the Pensions Fund Deposit Account or the Guarantee Fund under sections 21 and 23 of the Act, or when moneys are required from the Exchequer Account, under section 4 of Act 14 of 1892, for purposes of the Contingencies Account, requisitions, upon the form C.A. 2 modified as required, shall be submitted by the Treasurer and the same rules shall apply as to requisitions against Votes or Loan Acts.

REQUISITIONS FOR APPROPRIATIONS IN AID.

18. Whensoever moneys which have been received into the Exchequer as appropriations in aid shall be required for expenditure under the Vote, the accounting officer for the vote concerned shall prepare a requisition, in duplicate, on the form C.A. 1, under section 17 of the Act, stating the Vote or Act, the Sub-vote or Service, the amount of the receipts of which he has been advised to date, the amount already obtained on requisition and the amount for which he is applying; and after such requisition has been approved by the Minister of the Department, it shall be forwarded to the Treasurer and thereafter be dealt with in a similar manner to requisitions against Votes or Loan Acts, referred to in regulations 13 and 14. It must, however be borne in mind that no issue from the Exchequer can be authorised for appropriations in aid in excess of the sum mentioned in the Estimates attached to the Appropriation Act passed by Parliament, unless it can be clearly shown, to the satisfaction of the Controller and Auditor-General, that any increase in the receipts over the estimate has distinct relation to the increased expenditure, the one being consequent upon the other. This will not, however, prevent the full amount of such receipts being credited to the Vote in the Appropriation Account although they have not been available for increased expenditure.

Controller and Auditor-General.

His Excellency the Governor, with the advice of the Executive Council, has been pleased to approve, in terms of Section 28 of the Colonial Forces Act No. 32 of 1892, of the addition of the following as paragraph 177a to the "Regulations for the Cape Artillery, 1903":—

"177a. *Contingent Allowance.*—As there is no Capital Grant issued to the Cape Artillery, a sum of £20 will be granted annually, payable in advance on the 1st May, to the Officer Commanding Cape Field Artillery and the Officer Commanding Cape Garrison Artillery, respectively, to cover damages and deficiencies in stores or equipment under certain conditions.

In case of any loss or damage in connection with Government property, a board will be assembled by order of the Commandant-General to enquire into and report on the circumstances, and the proceedings sent to him for confirmation.

If the loss or damage is not traceable to any neglect on the part of the Corps concerned, the Commandant-General may write off the same as chargeable against the public. If, however, he considers that the loss or damage is due to neglect, and no individual can be made personally responsible, the amount is to be made good out of this annual grant.

It is to be clearly understood that the liability of a Corps in this respect is not limited to the sum of £20 per annum, but that if a greater amount is held to be chargeable against a corps on this account, the Commanding Officer is personally responsible for its adjustment.

Any balance of this sum of £20 which is not expended during the financial year will be retained by the Corps and carried forward to the credit of this account.

A statement will be sent annually on the 1st of May to the Commandant-General showing the position of this account. No money is to be expended out of this account except as provided for above, without authority from the Commandant-General." (Executive Council Minute No. 2/94 of 11th January, 1907.)

TO HIS EXCELLENCY THE HONOURABLE SIR
WALTER FRANCIS HELY-HUTCHINSON,

Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, Governor and Commander-in-Chief of His Majesty's Colony of the Cape of Good Hope and of the Territories and Dependencies thereof, etc., etc., etc.

THE PETITION OF THE MAYOR AND COUNCILLORS OF THE MUNICIPALITY OF PORTERVILLE, IN THE DIVISION OF PIQUETBERG,

HUMBLY SHEWETH:

1. That by Proclamation No. 13 of 1903 the Village of Porterville was by Your Excellency constituted a Municipality under the provisions of the Municipal Act No. 45 of 1882, under the name of the Municipality of Porterville.

2. That the said Municipality so proclaimed comprises the Village of Porterville and Commonage with the remainder of the farm Willemsvalley, *alias* Pomona, together bounded as follows:—Northwards by the farm Klein Essenbach; Southwards by a road and by the farm Gelukswaard; Eastwards by the farm Houdconstant; and Westwards by the farms Pampoenkraal and Klipdrift.

3. That one STEPHANUS SEBASTIAAN WALTERS (JAN HENDRIK's son), is the registered owner by Deed of Transfer in his favour, of date the 17th August, 1892, of the place now called Uitvlugt which is the remainder of the farm Willemsvalley, *alias* Pomona, included as aforesaid within the said Municipal limits.

4. That the said place Uitvlugt is a large farm some 1,634 morgen in extent and that it is neither for the benefit of the Municipality or the owner thereof that the said place Uitvlugt should be within Municipal limits, because the burden of maintaining the roads and furrows thereon would be too great for the Municipality to undertake and because apart from the maintaining of such said roads and furrows the existence of the said place within Municipal limits would confer on the owner thereof not only no benefit, but the burden of taxation.

5. That the said Stephanus Sebastiaan Walters is desirous that his said farm should be excluded from the limits of the Municipality of Porterville and has made application to Your Petitioners to acquiesce in such exclusion.

6. That the Council of the said Municipality has passed a resolution in favour of granting Mr. Walters's request, subject to his paying the expense, if any, to be incurred in connection with the exclusion of his said farm from municipal limits.

7. That an extract of the said resolution is hereunto attached.

Wherefore your Petitioners humbly pray that Your Excellency may be pleased in terms of Section 8, Sub-section 6 of Act No. 45 of 1882, to amend the boundaries of the Municipality of Porterville so as to exclude the remainder of the farm Willemsvalley *alias* Pomona, now called Uitvlugt, measuring one thousand six hundred and thirty-four morgen and one hundred and twelve square roods, situate in the Division of Piquetberg; Fieldcornetcy of Twenty-four Rivers, from the said Municipality, and to have the boundaries of the said Municipality of Porterville proclaimed to be as follows:—Northwards by the farm Klein Essenbosch, southwards by the farm Gelukswaard, eastwards by the farm Houdconstant and westwards by the remainder of the farm Willemsvalley, *alias* Pomona, called Uitvlugt.

And your Petitioners as in duty bound will ever pray.

Maintaining a direct course it passes through the said Military Reserve which it leaves at its Northern Boundary between the Rifle Targets and the drift of the dry gully. From here the pipe line continues through another portion of the Commonage still in a Northerly direction but with a slight inclination to westwards until it crosses the boundary of the Municipality and enters the farm Thornhill owned by Charles Bowles above the Umtata-Cala Wagon road and then passes through the said farm crossing the Umtata-Cala Road on the stony ridge above the Thornhill homestead and passing behind the said homestead continues through the said farm until it leaves same near its northerly beacon and enters and passes through the farm Belmont owned by Charles Bowles and James Berry to the Cicira River which it crosses after which it enters the southern boundary of the farm Roode Heuvel owned by Theodorus Lewis Kriel on which it crosses the wagon road from Umtata to Kambi whence it enters the farm Welvanpas owned by the said Kriel through which it passes. After leaving the farm Welvanpas the pipe line enters Crown Land commonly called Native Territory going from South to North of Headman Fodo's (Ncise) Location, crosses the Ncise River to the East of the Wagon drift and from thence passes through from South to North of Headman Paul NKala's (Kambi) Location on which it again crosses the Umtata-Kambi Road. The whole of the aforesaid portion of the works being within the District of Umtata. HIS Excellency the Governor, with the advice of the Executive Council, has been pleased to approve of the subjoined Regulations, framed by the Municipal Council of Hankey, under the provisions of Act No. 45 of 1882, and Act No. 23 of 1897.

NOEL JANISCH,
Under Colonial Secretary.

MUNICIPALITY OF HANKEY.

SECTION I.—RULES OF ORDER.

(Framed under Act 45 of 1882.)

1. The Council shall meet in the Council-room for the despatch of business on the second and fourth Wednesday of each month, at 3 o'clock p.m., or at such other day or hour as the Council may from time to time agree upon; but should there not be a sufficient number of Councillors present at any meeting to form a quorum by fifteen minutes past the hour of meeting, then there shall not be any meeting held on that day.
2. Three members shall constitute a quorum, excepting for such purposes as the Act provides.
3. The Mayor or Chairman, or in his absence the Councillor presiding, shall preserve order, and on all points of order his decision shall be conclusive.
4. A Councillor shall not be allowed to read his speech.
5. In discussing any question, no Councillor shall be allowed to speak more than once, except in explanation. This rule is not, however, to interfere with the right of reply, which may be claimed at the end of the debate by the mover of any resolution.
6. If two or more Councillors commence to speak at the same time, the Mayor, or Councillor presiding, shall determine which is entitled to priority.
7. Every Councillor when addressing the Council shall do so standing.
8. The ordinary meetings shall be opened by the Mayor, or Councillor presiding, calling upon the Town Clerk to read the minutes of the last meeting, which shall then be signed by the Mayor or Councillor presiding.
9. All committees shall be appointed by a show of hands, unless a ballot be demanded, but no person shall be balloted for, excepting those who shall have been duly proposed and seconded.
10. All other questions than the appointment of committees shall be disposed of by a show of hands. In case of an equality of votes the Mayor or Chairman shall, in addition to his deliberate vote, be entitled to a casting vote.
11. After the minutes of the last meeting shall have been read, the Mayor, or Councillor presiding, shall go through them *seriatim* until they are all disposed of. The Town Clerk's order list shall then be taken up and disposed of in a similar manner.
12. Any member desirous of bringing a question before the Council must do so by giving a month's notice; and must also hand in to the Town Clerk a written paper containing the precise terms of the motion he intends to discuss. If he move the appointment of a committee, their names must be stated.
13. An unopposed motion may, however, be brought on by consent of the Council without any previous notice; but if any Councillor shall object, notice as in the preceding rule shall be required.
14. When a motion is made to the Council it must be seconded, otherwise it shall be dropped, and an entry shall be made in the minute-book that such motion was not seconded.
15. A motion, duly seconded, shall not be withdrawn except by leave of the Council.
16. The business under discussion, and any business not disposed of at the time of the adjournment of any ordinary meeting, shall stand as order of the day for the next regular meeting of the Council.
17. A resolution once passed by the Council shall not be reconsidered, or again discussed, unless by consent of two-thirds of the members present.
18. A meeting of the Council shall not be protracted beyond two hours from the time of commencement; but at the expiration of that time the Council shall adjourn until another day, or to the next ordinary meeting, unless it shall be decided by two-thirds of those present to continue the meeting.

[1907.]

19. It shall be competent for any Councillor, at any time, or in any state of the proceedings, to move an adjournment of a particular question, or of the Council itself.

21. It shall be competent for any Councillor, when he is in a minority on a question decided, to enter his dissent or protest in the minutes of the Council; either forthwith or at the ensuing meeting. A dissent or protest, however, shall not be allowed to be recorded which casts any improper reflection upon, or imputes any improper motive to, the Council or any member thereof.

22. It shall be the duty of the Town Clerk to send to the Councillors during the forenoon of the day on which any ordinary or adjourned meeting takes place, a notice containing such subjects as are to be submitted to the meeting.

23. Any book, plan, paper, or other thing whatsoever shall not be removed from the Municipal Office, except by order of the Council or for Municipal purposes, without the knowledge and consent of the Town Clerk.

24. Any Councillor may have the names of the Councillors voting for or against any motion decided by the Council recorded on the minutes.

25. Any Councillor wishing to propose any resolution or amendment to any motion before the Council, may do so, but if required by the Mayor or Chairman, shall make such proposition in writing.

26. Any householder who is desirous of bringing any subject connected with the Municipality to the notice of the Council may do so by letter addressed to the Town Clerk, or if such person be desirous of a personal interview with the Council, and the majority shall approve, he must address himself to the Chair.

27. Any Councillor desiring to propose an alteration in the present rules of order, or to propose any additional one, shall give notice thereof at a meeting of the Council and hand to the Mayor, or Councillor presiding, a paper in writing subscribed by himself and a Councillor seconding, containing the precise amendment or additional rule, which paper shall be taken into consideration at the next meeting, and have precedence over all other business.

28. No account shall be paid unless passed by the Council.

29. The Mayor shall at any time call a public meeting of the inhabitants if requested so to do by a requisition stating the purpose for which it is desired to call such meeting, signed by at least twenty-five persons whose names are registered on the voters' roll of the Municipality.

EDWARD THE SEVENTH, by the Grace of God, of the United Kingdom of Great Britain and Ireland, and of the British Dominions beyond the Seas, King, Defender of the Faith, Emperor of India.

To the Sheriff of the Colony of the Cape of Good Hope, or his lawful Deputy.

GREETING!

WHEREAS upon the Petition of ISIDOR HANAU, of Wynberg, it appears to us that the Petitioner is the legal holder of a certain Mortgage Bond for the sum of £1,500, money lent and advanced, passed by one WILLIAM PRESTON BUCHANAN in favour of the Petitioner on 10th day of September, 1902.

And whereas the said WILLIAM PRESTON BUCHANAN formerly carried on business as a Bookseller and Stationer in Cape Town, and also carried on prospecting operations at Millwood Goldfields, but has ceased so to do for some time past, and is now believed to be residing in Johannesburg, Transvaal.

And whereas it appears that in or about the year 1903, while carrying on the business aforesaid, the said WILLIAM PRESTON BUCHANAN became involved in financial difficulties, and his Estate was on the 5th day of November, 1905, assigned to the Petitioner and one THOMAS HERBERT HAZELL.

And whereas the said THOMAS HERBERT HAZELL is now insolvent.

And whereas the said Assignees proceed with the liquidation of the Estate of the said WILLIAM PRESTON BUCHANAN as far as possible, and according to their account, which it appears has been duly advertised and lain for inspection of Creditors, the only amount available for distribution, viz., £229 19s. 8d., was awarded in 1905 to the Petitioner as a preferent Creditor under the aforesaid Bond.

And whereas after allowing for payments made prior to assignment and the above dividend, the present indebtedness of the said WILLIAM PRESTON BUCHANAN to the Petitioner appears to be the sum of £1,030 and that there are concurrent Creditors for at least £2,000.

And whereas it appears that all the landed property specially hypothecated under the said Bond has in consideration of part payments made from time to time been released, and the only security the Petitioner now has is the operation of the general clause in the said Bond over such other assets as the said WILLIAM PRESTON BUCHANAN may be possessed of.

And whereas it appears that the said WILLIAM PRESTON BUCHANAN is possessed of no other assets save his mining ventures at Knysna, in which one BENJAMIN GODLIEB HEYDENRYCH and HENRY SAMPSON MARTIN claim a certain interest.

And whereas it appears that the aforesaid Mining venture is no longer a going concern and that its assets consist mainly of a sum of £400 cash and mining appurtenances which are believed to have originally cost some £3,000, but would be difficult to value at present owing to the length of time during which they have lain unused.

And whereas it further appears that the said BENJAMIN GODLIEB HEYDENRYCH and HENRY SAMPSON MARTIN refuse to allow any appropriation of the assets of the said venture to the said Buchanan's assigned Estate, and that the creditors of the said WILLIAM PRESTON BUCHANAN are thereby debarred from receiving any benefit from the same and that the said WILLIAM PRESTON BUCHANAN is insolvent and that it will be for the benefit of the Creditors of the said WILLIAM PRESTON BUCHANAN that his Estate should be sequestrated and the rights of Creditors to the said assets be thereafter decided.

Whereupon the Petitioner prayed that the Estate of the said WILLIAM PRESTON BUCHANAN might be sequestrated for the benefit of the Creditors thereof.

And whereas it further appears to us of record that the Honourable Mr. Justice Maasdrop, one of the Judges of the Supreme Court of Our said Colony, did, by an Order under his hand, bearing date the 26th January, 1907, place the Estate of the said WILLIAM PRESTON BUCHANAN under Provisional Sequestration in the hands of the Master of the Supreme Court until the same should thereafter be adjudged to be sequestrated.

Now, therefore, We command you that you summon the said WILLIAM PRESTON BUCHANAN, formerly of Cape Town, but presently of Johannesburg, Transvaal, that he appear before Our Judges of Our Supreme Court, of Our said Colony at Cape Town, on the 28th day of February, 1907, at 10.30 o'clock in the forenoon, to shew cause, if any, why his Estate should not by sentence of the said Supreme Court be adjudged to be sequestrated for the benefit of his Creditors and serve on the said WILLIAM PRESTON BUCHANAN a copy of this Summons, and return you this Summons immediately after the service thereof with whatsoever you have done thereupon.

Witness:—The Right Honourable Sir John Henry de Villiers, K.C.M.G., Our Chief Justice of Our said Colony, at Cape Town, the Ninth day of February, 1907, in the Seventh Year of Our Reign.

Act No. 30 of 1906.]

[Promulgated 13th February, 1907.]

CAPE OF GOOD HOPE.

ACT

TO

Amend the Law placing restrictions on Immigration and pro-
viding for the Removal from the Colony of Prohibited
Immigrants.

[Assented to 21st December, 1906.]

BE it enacted by the Governor of the Cape of Good Hope, with the advice and
consent of the Legislative Council and House of Assembly thereof, as follows:—

1. Act 47 of 1902, entitled "The Immigration Act, 1902," is hereby repealed,
but such repeal shall not affect any acts or things done or commenced, any rights,
privileges or protection acquired, any penalties or liabilities incurred, any disability
or disqualification existing, any offences committed or any proceedings taken at the
commencement of this Act.

2. In the construction of this Act the following expressions shall, unless the
contrary intention appears, bear the meanings hereby respectively assigned to them,
that is to say:—

"Ship" shall include any ship, vessel or boat or description thereof used in
navigation.

"Master" shall include any person other than a pilot in charge or command
of any ship.

"Immigrant" shall mean and include any person who arriving from without
this Colony enters or claims to enter by land or sea.

3. Subject to the provisions of this Act, it shall be unlawful for any immigrant who is or appears to be of any one of the following classes to enter this Colony by land or sea ; and every such immigrant shall be termed a " prohibited immigrant " :—

- (a) Any person who, when asked to do so by any duly authorized officer, shall be unable through deficient education to himself write out and sign in the characters of any European language an application to the satisfaction of the Minister ; provided that for the purposes of this sub-section Yiddish shall be accepted as a European language.
- (b) Any person who is not in possession of visible means of support or is likely to become a public charge.
- (c) Any person who has been convicted of any of the following offences, that is to say, murder, rape, theft, fraud, perjury, forgery or other infamous crime, and who by reason of the circumstances connected with such offence is deemed by the Minister to be an undesirable.
- (d) Any person who is a lunatic within the meaning of the second section of the Lunacy Act, 1897.
- (e) Any person, male or female, who lives or has lived on, or knowingly receives or has received any part of the proceeds of prostitution.
- (f) Any person who from information officially received by the Minister from any Secretary of State or from any Colonial Minister or through diplomatic channels from any Minister of any foreign country is deemed by the Minister to be an undesirable.

But, in the case of an immigrant, who proves that he is seeking admission to this Colony solely to avoid persecution or punishment on religious or political grounds, or for an offence of a political character, or persecution, involving danger of imprisonment, or danger to life or limb, on account of religious belief, leave to land shall not be refused on the ground merely of want of visible means of support, or the probability of his becoming a public charge, provided that such immigrant shall only be permitted to land on receiving a licence under the hand of the Minister.

4. The provisions of the preceding section shall not apply to any immigrant who is of any of the following classes :—

- (a) Members of His Majesty's Naval and Military forces.
- (b) The officers and crew of any public ship of any foreign State.
- (c) Any person who is duly accredited to the Colony by or under the authority of His Majesty, or of the Government of any foreign State, with his wife, family and servants.
- (d) Any person who has served in any of His Majesty's Volunteer forces in South Africa, and has received a good discharge and who does not come under sub-sections (c), (d), (e), or (f) of the preceding section.
- (e) The wife and any child under the age of 16 years of any person who is permitted to immigrate into the Colony under the provisions of this Act.
- (f) (a) Persons born in South Africa.
(b) Persons of European birth domiciled in South Africa who do not come under sub-sections (c) and (e) of the preceding section.
- (g) Any Asiatic who having, when lawfully resident within the Colony, obtained from the Minister a permit issued under such Regulations as shall be proclaimed thereof by the Governor, authorizing him to temporarily absent himself from the Colony, returns in accordance with the terms and conditions of such permit.
- (h) European persons who are agricultural or domestic servants, skilled artisans, mechanics, workmen or miners, immigrating under any scheme approved by the Governor, upon being satisfied that there is no sufficient supply available of the class of labour required at an adequate rate of remuneration in this Colony, and are able to produce a certificate signed by the Agent-General of the Colony in England or officer appointed by the Governor in England or elsewhere to grant certificates for the purposes of the Act, certifying that the person named therein has been engaged to serve, immediately on arrival in the Colony, an employer therein of repute at an adequate remuneration and for a reasonable period of time.

5. Any person found to have immigrated at any time into this Colony by land or sea in violation of the provisions of this Act or of " The Immigration Act, 1902," shall be liable to a penalty of £50 or in the alternative to three months' imprisonment with or without hard labour, and to be removed at any time from within the limits of the Colony and to be detained in such custody as may by regulation be prescribed pending such removal.

6. Any master of any ship who knowingly directly or indirectly allows any immigrant to leave his ship, whereby such immigrant contravenes any provisions of the Act, and the owners of any such ship which any such immigrant so leaves shall be jointly and severally liable to a penalty of £100, and to a further penalty of £20 for each such immigrant landed in excess of the number of five. Such ship may be refused a clearance till such penalty has been paid, and may in default of payment by or on behalf of the master or owners and by order of the Supreme Court be attached and declared executable in satisfaction of any writ issued for the recovery of any such penalty; provided that in lieu of granting such order, it shall be lawful for the Court to accept such security for the payment of such penalty as may appear to be adequate.

7. Any person aiding or assisting any person in any manner whatsoever in the contravention of any provision of this Act, or of the regulations framed thereunder or making any false declaration in order to obtain for himself or another person any certificate or other recommendation for the purposes of this Act, or entering into any contract for the purposes of any evasion of the provisions of this Act, shall be liable to a fine not exceeding £100, or to imprisonment with or without hard labour for a period not exceeding six months.

8. It shall be lawful for the Governor from time to time by Proclamation to make regulations in order to prevent any immigration into this Colony contrary to and in violation of the provisions of this Act, and to appoint officers within and beyond the limits of the Colony to carry out such regulations, and to provide for the removal from within the territorial limits of the Colony of any persons who are, under and by virtue of the provisions of this Act, prohibited from immigrating thereto, and settling therein, and to provide for the temporary custody, control and accommodation of such persons pending their removal as aforesaid; and to provide for the importation, reception, accommodation, maintenance, registration, distribution and contractual engagements of persons immigrating under any scheme approved by the Governor under subsection (h) of section four of this Act; and to provide for the issue of certificates and other documents under such regulations and the payment of fees therefor; and to provide for the passage of prohibited immigrants through the Colony or for their temporary residence therein and to provide for and prescribe the deposits of security for their journey through the Colony or leaving it within the period allowed to them; and generally in furtherance of the objects and intents of this Act.

9. It shall be lawful for the Governor to prescribe penalties for the contravention of any regulation made by him under this Act, provided that no penalty in respect of any one contravention shall exceed a fine of £100, or in default of payment thereof, imprisonment with or without hard labour for a period exceeding 12 months or to imprisonment with or without hard labour and without the option of a fine for a period exceeding 12 months.

10. This Act may be cited as "The Immigration Act, 1906."

Every person arriving in any ship at any port in this Colony before being permitted to land as an unprohibited immigrant shall be required to satisfy the Immigration Officer either (a) that he is not among those prohibited by the Act, or (b) that he is exempted from its provisions; and the Immigration Officer shall, for the purpose of this Regulation, require every passenger, not being a minor under sixteen, travelling with a parent or guardian, or a wife accompanying her husband, to fill in the Form set out in the Schedule I hereto; and any person refusing to comply with such requirement, and any person who, notwithstanding his having complied with such requirement, is, in the opinion of the Immigration Officer, a prohibited immigrant, shall be liable to be detained, either on board the ship or at such other place and under such conditions as the Minister may from time to time prescribe; provided that any person claiming, in spite of such opinion, to be entitled to land in the Colony shall be informed that he may apply to the Supreme Court for an order authorising his landing; and that every reasonable facility shall be afforded him for so applying; and provided further that if any person admits he is prohibited, or, claiming to be not prohibited, fails within a reasonable time, having regard to the period during which the ship is to remain in port, to appeal to the Court as aforesaid, he shall be deported and, pending deportation, detained in such place, and in such manner, and under such conditions as the Minister may direct; and any person detained under this Regulation who escapes shall be apprehended and prosecuted for contravening Section 5 of the Act; and the Master of any ship in which any admitted or judicially found prohibited immigrant has arrived in the Colony, or the Master of any other ship of the same owners, and failing them the Master of any ship whatsoever, shall, on demand by the Immigration Officer, deport such immigrant from the Colony.

11. The Immigration Officer may on, or at any time after, the arrival of a ship require the Master to muster the crew for examination; and the Immigration Officer shall furnish a written list of all members of the crew who are, in his opinion, liable to be dealt with as prohibited immigrants; and if, when the ship is about to proceed to sea, and at the final muster, all such members are not present, the Master shall be required to deposit with the Immigration Officer £10 for each absentee, which deposit shall be re-paid to the Master or agents if within the period of six months from the date of deposit it is proved to the satisfaction of the Immigration Officer that the seaman in respect of whom the deposit was made has left the Colony. On failure to so satisfy the Immigration Officer, the deposit or deposits, as the case may be, shall be forfeited to the Colonial Government.

12. It shall be lawful for the Chief Immigration Officer to issue, or to authorise the issue to a prohibited immigrant

on application a permit, in the form set forth in Schedule 11, to these Regulations, to be known as a Temporary Permit, entitling the holder to enter the Colony in order to transship to another vessel, or to pass through the Colony to some destination beyond, or to temporarily reside in the Colony for some reasonably necessary purpose approved by the Minister. For each such permit a fee of (£1) one pound shall be paid, and the immigrant shall further be required to deposit a reasonable sum as security for the observance by him of the conditions imposed under such permit. The deposit shall be refunded to the holder of the permit on his fulfilling the conditions thereof, and on his leaving the Colony within the period for which such permit is issued, but shall be forfeit to the Government should the holder fail to comply with any one or more of the said conditions; and if the holder fails to leave the Colony within the period allowed to him he shall be prosecuted for contravening section 5 of the Act.

13. It shall be deemed to be a condition of every permit that the holder shall report himself to the Officers and at the periods and places specified in his permit; and for giving any false or misleading address, he shall be liable to forfeiture of his permit and deposit, and to be prosecuted as a prohibited immigrant.

14. No permit shall be issued for a period exceeding 21 days without the authority of the Chief Immigration Officer, nor for a period exceeding three months without the sanction of the Minister.

15. It shall be deemed to be a condition of every permit that the holder shall give the Chief Immigration Officer, or the Immigration Officer of the Port, at least 24 hours' notice of his intention to leave the Colony.

16. In the event of any person losing his permit, a duplicate thereof may be issued on payment of a fee of two pounds (£2). For fraudulently obtaining a duplicate the offender shall be liable to imprisonment with or without hard labour for not exceeding three months without the option of a fine, or with the option of a fine not exceeding £50.

17. A permit under Regulation No. 12 shall be issued, without payment of any fee or deposit, to enable a person who is a prohibited immigrant to be brought, under proper escort, into this Colony, under the authority of the Government of any other British Colony in South Africa, in order that such person may be removed to the country to which it is ordered that he shall be sent.

18. Permits to Asiatics lawfully resident in the Colony shall be issued in such form as may from time to time be prescribed by the Minister, which form shall state the period for which the permit is available, and the port at which the grantee shall disembark on return to the Colony, and there shall be paid for every permit the fee of one pound (£1) sterling; and every permit shall contain a photograph of the grantee and such particulars and marks as may be necessary for purposes of identification.

19. No ship shall be granted clearance by the Customs authorities except on production of a certificate signed by the Immigration Officer certifying that the detention of the ship is no longer necessary for the purposes of the Immigration Act; and all certificates hereunder shall be applied for by the Master or his agent at the Office of the Immigration Officer between the hours of 9 a.m. and 1 p.m. and 2 p.m. and 5 p.m. on the day of, or the day preceding, departure.

20. In the event of the Chief Immigration Officer becoming aware of any circumstances constituting reasonable grounds for suspecting that any person is within the Colony who at any time entered therein in violation of the Immigration Act, 1902, or the Immigration Act, 1906, it shall be lawful for the Chief Immigration Officer to require such person to personally attend before him to give and produce entirely at his own option, such information, witnesses and documents as may be material, and such person, at such inquiry, shall be allowed to be assisted by his legal adviser; provided that where it is impracticable for the attendance to be before the Chief Immigration Officer or where it is otherwise desirable, the said officer may direct the inquiry to be held by a Resident Magistrate; and in the event of any such person failing to attend such inquiry, or in the event of the officer holding the inquiry being satisfied that there is a good *prima facie* case against such person, he shall forthwith cause such person to be prosecuted for contravening Section 5 of the Act.

21. The Magistrate convicting any person for contravening Section 5 of the Act shall report forthwith to the Chief Immigration Officer, with a view to the submission of the question of deportation for the decision of the Minister.

22. No order of deportation shall be issued by the Executive except after a conviction for contravening Section 5; and no order shall be acted upon unless signed by the Minister or the Permanent Head of his department.

23. The Minister may authorise the issue of such certificates and permits for the convenience of immigrants or of persons leaving the Colony, and intending to return, as it may be considered desirable to issue; and to prescribe the fees to be charged therefor; provided that no fee for any one permit or certificate shall exceed two pounds sterling.

24. The provisions of these Regulations shall apply *mutatis mutandis* to any person entering the Colony overland, provided that the powers of the Immigration Officer may be exercised by such officials or class of officials as may be appointed therefor by the Minister by notice published in the *Gazette*.

Act No. 30 of 1906.]

[Promulgated 13th February, 1907.]

CAPE OF GOOD HOPE.

ACT

TO

Amend the Law placing restrictions on Immigration and pro-
viding for the Removal from the Colony of Prohibited
Immigrants.

[Assented to 21st December, 1906.]

BE it enacted by the Governor of the Cape of Good Hope, with the advice and
consent of the Legislative Council and House of Assembly thereof, as follows:—

1. Act 47 of 1902, entitled "The Immigration Act, 1902," is hereby repealed,
but such repeal shall not affect any acts or things done or commenced, any rights,
privileges or protection acquired, any penalties or liabilities incurred any disability
or disqualification existing, any offences committed or any proceedings taken at the
commencement of this Act.

2. In the construction of this Act the following expressions shall, unless the
contrary intention appears, bear the meanings hereby respectively assigned to them,
that is to say:—

"Ship" shall include any ship, vessel or boat or description thereof used in
navigation.

"Master" shall include any person other than a pilot in charge or command
of any ship.

"Immigrant" shall mean and include any person who arriving from without
this Colony enters or claims to enter by land or sea,

1. PRIME MINISTER'S MINISTERIAL DIVISION.

3. Subject to the provisions of this Act, it shall be unlawful for any immigrant who is or appears to be of any one of the following classes to enter this Colony by land or sea ; and every such immigrant shall be termed a " prohibited immigrant " :—

- (a) Any person who, when asked to do so by any duly authorized officer, shall be unable through deficient education to himself write out and sign in the characters of any European language an application to the satisfaction of the Minister ; provided that for the purposes of this sub-section Yiddish shall be accepted as a European language.
- (b) Any person who is not in possession of visible means of support or is likely to become a public charge.
- (c) Any person who has been convicted of any of the following offences, that is to say, murder, rape, theft, fraud, perjury, forgery or other infamous crime, and who by reason of the circumstances connected with such offence is deemed by the Minister to be an undesirable.
- (d) Any person who is a lunatic within the meaning of the second section of the Lunacy Act, 1897.
- (e) Any person, male or female, who lives or has lived on, or knowingly receives or has received any part of the proceeds of prostitution.
- (f) Any person who from information officially received by the Minister from any Secretary of State or from any Colonial Minister or through diplomatic channels from any Minister of any foreign country is deemed by the Minister to be an undesirable.

But, in the case of an immigrant, who proves that he is seeking admission to this Colony solely to avoid persecution or punishment on religious or political grounds, or for an offence of a political character, or persecution, involving danger of imprisonment, or danger to life or limb, on account of religious belief, leave to land shall not be refused on the ground merely of want of visible means of support, or the probability of his becoming a public charge, provided that such immigrant shall only be permitted to land on receiving a licence under the hand of the Minister.

4. The provisions of the preceding section shall not apply to any immigrant who is of any of the following classes :—

- (a) Members of His Majesty's Naval and Military forces.
- (b) The officers and crew of any public ship of any foreign State.
- (c) Any person who is duly accredited to the Colony by or under the authority of His Majesty, or of the Government of any foreign State, with his wife, family and servants.

- (e) The wife and any child under the age of 16 years of any person who is permitted to immigrate into the Colony under the provisions of this Act.
- (f) (a) Persons born in South Africa.
(b) Persons of European birth domiciled in South Africa who do not come under sub-sections (c) and (e) of the preceding section.
- (g) Any Asiatic who having, when lawfully resident within the Colony, obtained from the Minister a permit issued under such Regulations as shall be proclaimed thereof by the Governor, authorizing him to temporarily absent himself from the Colony, returns in accordance with the terms and conditions of such permit.
- (h) European persons who are agricultural or domestic servants, skilled artisans, mechanics, workmen or miners, immigrating under any scheme approved by the Governor, upon being satisfied that there is no sufficient supply available of the class of labour required at an adequate rate of remuneration in this Colony, and are able to produce a certificate signed by the Agent-General of the Colony in England or officer appointed by the Governor in England or elsewhere to grant certificates for the purposes of the Act, certifying that the person named therein has been engaged to serve, immediately on arrival in the Colony, an employer therein of repute at an adequate remuneration and for a reasonable period of time.

5. Any person found to have immigrated at any time into this Colony by land or sea in violation of the provisions of this Act or of " The Immigration Act, 1902," shall be liable to a penalty of £50 or in the alternative to three months' imprisonment with or without hard labour, and to be removed at any time from within the limits of the Colony and to be detained in such custody as may by regulation be prescribed pending such removal,

1. PRIME MINISTER'S MINISTERIAL DIVISION.

6. Any master of any ship who knowingly directly or indirectly allows any immigrant to leave his ship, whereby such immigrant contravenes any provisions of the Act, and the owners of any such ship which any such immigrant so leaves shall be jointly and severally liable to a penalty of £100, and to a further penalty of £20 for each such immigrant landed in excess of the number of five. Such ship may be refused a clearance till such penalty has been paid, and may in default of payment by or on behalf of the master or owners and by order of the Supreme Court be attached and declared executable in satisfaction of any writ issued for the recovery of any such penalty; provided that in lieu of granting such order, it shall be lawful for the Court to accept such security for the payment of such penalty as may appear to be adequate.

7. Any person aiding or assisting any person in any manner whatsoever in the contravention of any provision of this Act, or of the regulations framed thereunder or making any false declaration in order to obtain for himself or another person any certificate or other recommendation for the purposes of this Act, or entering into any contract for the purposes of any evasion of the provisions of this Act, shall be liable to a fine not exceeding £100, or to imprisonment with or without hard labour for a period not exceeding six months.

8. It shall be lawful for the Governor from time to time by Proclamation to make regulations in order to prevent any immigration into this Colony contrary to and in violation of the provisions of this Act, and to appoint officers within and beyond the limits of the Colony to carry out such regulations, and to provide for the removal from within the territorial limits of the Colony of any persons who are, under and by virtue of the provisions of this Act, prohibited from immigrating thereinto, and settling therein, and to provide for the temporary custody, control and accommodation of such persons pending their removal as aforesaid; and to provide for the importation, reception, accommodation, maintenance, registration, distribution and contractual engagements of persons immigrating under any scheme approved by the Governor under subsection (h) of section four of this Act; and to provide for the issue of certificates and other documents under such regulations and the payment of fees therefor; and to provide for the passage of prohibited immigrants through the Colony or for their temporary residence therein and to provide for and prescribe the deposits of security for their journey through the Colony or leaving it within the period allowed to them; and generally in furtherance of the objects and intents of this Act.

9. It shall be lawful for the Governor to prescribe penalties for the contravention of any regulation made by him under this Act, provided that no penalty in respect of any one contravention shall exceed a fine of £100, or in default of payment thereof, imprisonment with or without hard labour for a period exceeding 12 months or to imprisonment with or without hard labour and without the option of a fine for a period exceeding 12 months.

10. This Act may be cited as "The Immigration Act, 1906."

No. 80, 1907.

REGULATIONS MADE UNDER THE PROVISIONS OF THE 8th SECTION OF "THE IMMIGRATION ACT, 1906."

1. For the purposes of administering the Act and these Regulations the Governor shall appoint a Chief Immigration Officer to be stationed at Cape Town, and the Minister shall appoint subordinate Immigration Officers at the various ports of the Colony, and such other stations as may be necessary.

2. The Minister may, where necessary, employ and appoint for the purpose of the custody and control of immigrants detained under these Regulations, persons to be styled Immigration Guards.

3. All officers appointed hereunder are hereby authorised for the purposes of these Regulations to administer oaths and to accept affirmations.

4. All officers and guards appointed hereunder are hereby authorised, at all hours of the day or night, to board any ship—not being a ship of war—within the territorial limits of the Colony.

5. Any person obstructing or aiding or inciting any other person to obstruct any Immigration Officer or Guard in the execution of his duty shall be liable to a fine not exceeding £100, and in default of payment to imprisonment with or without hard labour for not exceeding twelve months, or to such imprisonment without the option of a fine.

6. Any Immigration Guard refusing or neglecting to carry out any duty assigned to him for the purposes of these Regulations shall be liable to a fine not exceeding £25, and in default of payment to imprisonment with or without hard labour for not exceeding two months.

7. Any Immigration Guard accepting any bribe, and any person giving or offering any bribe to any Immigration Guard, in connection with the discharge of his duties, shall be liable to a fine not exceeding £100, and in default of payment to imprisonment with or without hard labour for not exceeding twelve months, or to such imprisonment for not exceeding such period without the option of a fine.

8. The Master of any ship arriving at any port in the Colony shall fly the code flag "I" on the stay halliards until notified by the Immigration Officer that the examination of the persons on board the ship under these Regula-

tions is completed; and no person, not being a pilot or Officer of Health, or the Port Officer or the Customs Officer, shall leave or board the ship, prior to the completion of such examination, except under a permit issued by the Immigration Officer. Any person contravening this Regulation shall be liable to a fine not exceeding £50, and in default of payment thereof to imprisonment with or without hard labour for not exceeding three months.

9. The Master of a ship arriving at any port within the Colony shall cause to be handed over to the Immigration Officer on demand the lists following, viz. :—

- (a) A list of all passengers, classified according to their ports of destination, specifying the class travelled by each, with a supplementary list of stowaways, if any.
- (b) A list of the crew and all persons employed in any capacity, with the rank, office, occupation and nationality of each.

10. Every person arriving in any ship at any port in this Colony before being permitted to land as an unprohibited immigrant shall be required to satisfy the Immigration Officer either (a) that he is not among those prohibited by the Act, or (b) that he is exempted from its provisions; and the Immigration Officer shall, for the purpose of this Regulation, require every passenger, not being a minor under sixteen, travelling with a parent or guardian, or a wife accompanying her husband, to fill in the Form set out in the Schedule I hereto; and any person refusing to comply with such requirement, and any person who, notwithstanding his having complied with such requirement, is, in the opinion of the Immigration Officer, a prohibited immigrant, shall be liable to be detained, either on board the ship or at such other place and under such conditions as the Minister may from time to time prescribe; provided that any person claiming, in spite of such opinion, to be entitled to land in the Colony shall be informed that he may apply to the Supreme Court for an order authorising his landing; and that every reasonable facility shall be afforded him for so applying; and provided further that if any person admits he is prohibited, or, claiming to be not prohibited, fails within a reasonable time, having regard to the period during which the ship is to remain in port, to appeal to the Court as aforesaid, he shall be deported and, pending deportation, detained in such place, and in such manner, and under such conditions as the Minister may direct; and any person detained under this Regulation who escapes shall be apprehended and prosecuted for contravening Section 5 of the Act; and the Master of any ship in which any admitted or judicially found prohibited immigrant has arrived in the Colony, or the Master of any other ship of the same owners, and failing them the Master of any ship whatsoever, shall, on demand by the Immigration Officer, deport such immigrant from the Colony.

11. The Immigration Officer may on, or at any time after, the arrival of a ship require the Master to muster the crew for examination; and the Immigration Officer shall furnish a written list of all members of the crew who are, in his opinion, liable to be dealt with as prohibited immigrants; and if, when the ship is about to proceed to sea, and at the final muster, all such members are not present, the Master shall be required to deposit with the Immigration Officer £10 for each absentee, which deposit shall be repaid to the Master or agents if within the period of six months from the date of deposit it is proved to the satisfaction of the Immigration Officer that the seaman in respect of whom the deposit was made has left the Colony. On failure to so satisfy the Immigration Officer, the deposit or deposits, as the case may be, shall be forfeited to the Colonial Government.

12. It shall be lawful for the Chief Immigration Officer to issue, or to authorise the issue to a prohibited immigrant on application a permit, in the form set forth in Schedule II, to these Regulations, to be known as a Temporary Permit, entitling the holder to enter the Colony in order to transship to another vessel, or to pass through the Colony to some destination beyond, or to temporarily reside in the Colony for some reasonably necessary purpose approved by the Minister. For each such permit a fee of (£1) one pound shall be paid, and the immigrant shall further be required to deposit a reasonable sum as security for the observance by him of the conditions imposed under such permit. The deposit shall be refunded to the holder of the permit on his fulfilling the conditions thereof, and on his leaving the Colony within the period for which such permit is issued, but shall be forfeit to the Government should the holder fail to comply with any one or more of the said conditions; and if the holder fails to leave the Colony within the period allowed to him he shall be prosecuted for contravening section 5 of the Act.

13. It shall be deemed to be a condition of every permit that the holder shall report himself to the Officers and at the periods and places specified in his permit; and for giving any false or misleading address, he shall be liable to forfeiture of his permit and deposit, and to be prosecuted as a prohibited immigrant.

14. No permit shall be issued for a period exceeding 21 days without the authority of the Chief Immigration Officer, nor for a period exceeding three months without the sanction of the Minister.

15. It shall be deemed to be a condition of every permit that the holder shall give the Chief Immigration Officer, or the Immigration Officer of the Port, at least 24 hours' notice of his intention to leave the Colony.

16. In the event of any person losing his permit, a duplicate thereof may be issued on payment of a fee of two pounds (£2). For fraudulently obtaining a duplicate the offender shall be liable to imprisonment with or without hard labour for not exceeding three months without the option of a fine, or with the option of a fine not exceeding £50.

17. A permit under Regulation No. 12 shall be issued, without payment of any fee or deposit, to enable a person who is a prohibited immigrant to be brought, under proper escort, into this Colony, under the authority of the Government of any other British Colony in South Africa, in order that such person may be removed to the country to which it is ordered that he shall be sent.

18. Permits to Asiatics lawfully resident in the Colony shall be issued in such form as may from time to time be prescribed by the Minister, which form shall state the period for which the permit is available, and the port at which the grantee shall disembark on return to the Colony, and there shall be paid for every permit the fee of one pound (£1) sterling; and every permit shall contain a photograph of the grantee and such particulars and marks as may be necessary for purposes of identification.

19. No ship shall be granted clearance by the Customs authorities except on production of a certificate signed by the Immigration Officer certifying that the detention of the ship is no longer necessary for the purposes of the Immigration Act; and all certificates hereunder shall be applied for by the Master or his agent at the Office of the Immigration Officer between the hours of 9 a.m. and 1 p.m. and 2 p.m. and 5 p.m. on the day of, or the day preceding, departure.

20. In the event of the Chief Immigration Officer becoming aware of any circumstances constituting reasonable grounds for suspecting that any person is within the Colony who at any time entered therein in violation of the Immigration Act, 1902, or the Immigration Act, 1906, it shall be lawful for the Chief Immigration Officer to require such person to personally attend before him to give and produce entirely at his own option, such information, witnesses and documents as may be material, and such person, at such inquiry, shall be allowed to be assisted by his legal adviser; provided that where it is impracticable for the attendance to be before the Chief Immigration Officer or where it is otherwise desirable, the said officer may direct the inquiry to be held by a Resident Magistrate; and in the event of any such person failing to attend such inquiry, or in the event of the officer holding the inquiry being satisfied that there is a good *prima facie* case against such person, he shall forthwith cause such person to be prosecuted for contravening Section 5 of the Act.

21. The Magistrate convicting any person for contravening Section 5 of the Act shall report forthwith to the Chief Immigration Officer, with a view to the submission of the question of deportation for the decision of the Minister.

22. No order of deportation shall be issued by the Executive except after a conviction for contravening Section 5; and no order shall be acted upon unless signed by the Minister or the Permanent Head of his department.

23. The Minister may authorise the issue of such certificates and permits for the convenience of immigrants or of persons leaving the Colony, and intending to return, as it may be considered desirable to issue; and to prescribe the fees to be charged therefor; provided that no fee for any one permit or certificate shall exceed two pounds sterling.

24. The provisions of these Regulations shall apply *mutatis mutandis* to any person entering the Colony overland, provided that the powers of the Immigration Officer may be exercised by such officials or class of officials as may be appointed therefor by the Minister by notice published in the *Gazette*.

Surveyor-General's Office,
Cape Town, 2nd August, 1906.

AN Examination in the "Practice of Land Surveying"
will be held at the respective Offices of the Sur-
veyors-General of Cape Colony, Transvaal and Rhodesia,
beginning on the second Monday in March next.

This Examination will be conducted by an Examination
Board consisting of the Surveyors-General above-men-
tioned.

Candidates who have satisfied the Examiners in the
subjects covered by the Examination will not be required
to pass further tests in those subjects in Cape Colony,
Transvaal or Rhodesia, but, before being admitted to
practise their profession in any of these Colonies, may be
required at the option of the Surveyor-General of that
Colony to undergo a further examination in the laws and
regulations appertaining to the survey, registration,
alienation, and transfer of lands within such Colony.

The examination is divided into two parts. Before
being admitted to Part II. every candidate will be re-
quired to lodge with the Surveyor-General to whom he
makes application, a certificate to the satisfaction of the
Board of Examiners that he has had not less than two
years' experience in South Africa with a qualified Land
Surveyor in the practice of Land Surveying.

Candidates desiring to be admitted to this examination
must send in written applications to that effect to the
Surveyor-General of either of the three Colonies.

In these applications candidates must state their full
names, and must also forward the certificate of the Uni-
versity of the Cape of Good Hope of proficiency in the
Theory of Land Surveying; they must further state de-
finitely at which centre (Cape Town, Pretoria or Salis-
bury) they desire to sit for the examination.

An entrance fee of five guineas (£5 5s. 0d.) is payable
in connection with the examination, and must be paid on
or before the 15th February, 1907, to the Surveyor-General
to whom the application is made.

N.B.—Candidates who have passed Part I. or the whole
of the Examination in the "Theory" prior to the date of
this Notice, will be permitted to take Part II. of the
Examination in the "Practice" in any year up to and
including 1909 without having previously served for
two years with a Government Land Surveyor, but
it must be clearly understood that licences so obtained
will not entitle the holders to practise in the Transvaal or
Rhodesia. Intending candidates are strongly recom-
mended to pass the full period in gaining experience both
in office and field-work with Government Land Surveyors
before qualifying.

In future Part II. of the Examination will be held as
soon as convenient after Part I. in each year, and must
be completed by the 30th June in that year.

WALTER FRANCIS HELY-HUTCHINSON,

Knight Grand Cross of the Most Distinguished Order
of Saint Michael and Saint George, Governor and
Commander-in-Chief of His Majesty's Colony of the
Cape of Good Hope and of the Territories and
Dependencies thereof, etc., etc., etc.

THE PETITION OF THE MAYOR AND COUNCIL-
LORS OF THE MUNICIPALITY OF PORTER-
VILLE, IN THE DIVISION OF PIQUETBERG,

HUMBLY SHEWETH:

1. That by Proclamation No. 13 of 1903 the Village of Porterville was by Your Excellency constituted a Municipality under the provisions of the Municipal Act No. 45 of 1882, under the name of the Municipality of Porterville.

2. That the said Municipality so proclaimed comprises the Village of Porterville and Commonage with the remainder of the farm Willemsvalley, *alias* Pomona, together bounded as follows:—Northwards by the farm Klein Essenbach; Southwards by a road and by the farm Gelukswaard; Eastwards by the farm Houdconstant; and Westwards by the farms Pampoenekraal and Klipdrift.

3. That one STEPHANUS SEBASTIAAN WALTERS (JAN HENDRIK's son), is the registered owner by Deed of Transfer in his favour, of date the 17th August, 1892, of the place now called Uitvlugt which is the remainder of the farm Willemsvalley, *alias* Pomona, included as aforesaid within the said Municipal limits.

4. That the said place Uitvlugt is a large farm some 1,634 morgen in extent and that it is neither for the benefit of the Municipality or the owner thereof that the said place Uitvlugt should be within Municipal limits, because the burden of maintaining the roads and furrows thereon would be too great for the Municipality to undertake and because apart from the maintaining of such said roads and furrows the existence of the said place within Municipal limits would confer on the owner thereof not only no benefit, but the burden of taxation.

5. That the said Stephanus Sebastian Walters is desirous that his said farm should be excluded from the limits of the Municipality of Porterville and has made application to Your Petitioners to acquiesce in such exclusion.

6. That the Council of the said Municipality has passed a resolution in favour of granting Mr. Walter's request, subject to his paying the expense, if any, to be incurred in connection with the exclusion of his said farm from municipal limits.

7. That an extract of the said resolution is hereunto attached.

Wherefore your Petitioners humbly pray that Your Excellency may be pleased in terms of Section 8, Sub-section 6 of Act No. 45 of 1882, to amend the boundaries of the Municipality of Porterville so as to exclude the remainder of the farm Willemsvalley *alias* Pomona, now called Uitvlugt, measuring one thousand six hundred and thirty-four morgen and one hundred and twelve square rods, situate in the Division of Piquetberg; Fieldcornetcy of Twenty-four Rivers, from the said Municipality, and to have the boundaries of the said Municipality of Porterville proclaimed to be as follows:—Northwards by the farm Klein Essenbosch, southwards by the farm Gelukswaard, eastwards by the farm Houdconstant and westwards by the remainder of the farm Willemsvalley, *alias* Pomona, called Uitvlugt.

And your Petitioners as in duty bound will ever pray.

One year's rent shall be paid to the Civil Commissioner on the day of Sale, and if the term of the Lease shall exceed one year the due payment in advance of the rent for the subsequent year or years shall be secured by approved sureties; provided that the Civil Commissioner may receive two years' rent in advance, in which case the said security will not be required.

2. The Government reserves the right of terminating the Lease should it be thought expedient to sell the land or other circumstances render it necessary or expedient at any time, at two months' notice; and in such case the proportion of paid rent for any unexpired portion of the current year shall be refunded to the Lessee.

5. The Government does not undertake to point out any beacons. The description of the Lot will be given on the day of Sale of the Leases, and the Lessee will thereupon be expected to find the extent leased by him.

6. The Lessee shall not be entitled at the expiration or other termination of his Lease, to any compensation for improvements made during the term of the Lease, but they shall become the property of the Government.

7. The Lessee shall be required to keep all existing improvements on the land in good repair during the Lease, and to deliver up the same in good repair, but shall not be entitled to any compensation for the same.

8. The Lessee shall not transfer the Lease nor sublet the land or any portion of it, or any buildings or erections thereon, without the written sanction of the Government first obtained.

9. The Lessee shall wholly and absolutely forfeit his Lease upon the breach of any condition binding him.

10. The Government reserves to itself the right to limit the number of persons who may reside on the land hereby leased during the subsistence of the lease, and, upon the recommendation of the Divisional Council, after due enquiry made with cognisance of the Lessee, either to remove such numbers of persons as it may consider excessive or to cancel the lease as may seem to it equitable under the circumstances.

11. The occupation of land under this Lease shall not be held to be *bona fide* occupation under the provisions and for the purposes of Section 20 of Act No. 40 of 1895.

**In the Court of the
Eastern Districts of the
Cape of Good Hope.**

EDWARD THE SEVENTH, by the Grace of God, of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, King, Defender of the Faith.

To the Sheriff of the Colony of the Cape of Good Hope or his lawful Deputy,

GREETING!

WHEREAS upon the Petition of CATHERINE WADDELL and ANDREW WADDELL, in their capacity as the Executors Testamentary of the Estate of the late William Waddell, both of Umtata (hereinafter styled the Plaintiffs), presented to the Judges of Our Court of the Eastern Districts of the Cape of Good Hope, it appears that LUDWIG JOHANN FREDERICK ENSLIN, of Kwanyana, in the District of Ngqeleni (hereinafter styled the Defendant), is justly and truly indebted to the Plaintiffs in their said capacity in the sums of (a) £1,226 7s. 9d., with interest thereon from the 6th day of January, 1906, at 8 per centum per annum on a promissory note, (b) £17 17s. 11d. for goods sold and delivered, and (c) £45 for rents, and that the Plaintiffs obtained a judgment with costs of suit against the Defendant for the said amounts in the Circuit Court holden at Umtata, on the 16th day of November, 1906; and that a writ of execution was issued by the Plaintiffs against the goods and chattels of the Defendant on the 30th day of November, 1906, for the sums above mentioned, amounting in the aggregate to £1,289 5s. 8d., together with £98 1s. 7d. interest on the said sum of £1,226 7s. 9d., and for the sum of £17 7s. 0d., being taxed costs and charges incurred by the Plaintiffs in obtaining the said judgment; and that it appears from the return upon the said writ that the sale of the goods of the Defendant realised the net sum of £249 8s. 11d., and that no other goods were either pointed out or found whereof the deficiency of the said writ could be made; by reason of which the Defendant committed an act of insolvency.

And whereas it further appears that the Plaintiffs hold a General Bond for £1,000 which the Defendant passed in their favour as security for his said debt, and that they value their security at not exceeding the sum of £500;

And whereas it further appears that the Defendant has departed from his dwellinghouse and absented himself from his place of business with intent to defeat and delay his Creditors in obtaining payment of their debts, and has thereby committed a further act of insolvency;

And whereas it further appears that after the service of summons in the said suit the Defendant did alienate certain eight head of cattle in his possession to one Gert Stephanus Behrens, of Ngqeleni, with intent to defeat and delay his Creditors or prefer the said Behrens as a Creditor before his other Creditors, thereby committing a further act of insolvency, and that since the service of summons in the said suit the Defendant did transfer to one Ernest Lawry, of Ngqeleni, certain 25 other head of cattle which were the property of the Defendant, with intent to prefer the said Lawry above his other Creditors or to defeat his Creditors in obtaining payment of their debts, and thereby committing a further act of insolvency;

And whereas it further appears from the Petition that the Estate of the said Defendant is Insolvent and that it would be for the benefit of all the Creditors that the said Estate should be sequestrated;

And whereas it further appears that the Honourable Mr. Justice Graham did in the Chambers of Our said Court, upon the prayer of the Plaintiffs upon the 9th day of February, 1907, grant an order placing the Estate of the Defendant under sequestration, provisionally, in the hands of the Master of the Supreme Court and direct that summons be returnable on the 28th day of February, 1907;

Now, therefore, We command you that you summon the said Defendant that he appear before Our said Court of the Eastern Districts, at Grahamstown, on Thursday, the 28th day of February, 1907, at ten o'clock in the forenoon, to shew cause (if any) why his Estate should not be finally sequestrated for the benefit of the Creditors thereof.

And serve on the Defendant a copy of this summons and return you then there this summons with whatsoever you have done thereupon.

Witness:—The Honourable John Gilbert Kotze, Judge President of Our said Court of the Eastern Districts of the Cape of Good Hope, at Grahamstown, the 12th day of February, 1907.

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

[204.] [1907.]
Colonial Secretary's Office,
Cape Town, 19th February, 1907.

THE following summary of the Report of the Government Labour Bureau for the month of January, 1907, is published for general information.

NOEL JANISCH,
Under Colonial Secretary.

REPORT FOR JANUARY, 1907.

The direct demand through the Bureau was 144 as compared with 107 for the preceding month.

With few exceptions all the situations were filled without difficulty, but owing to the very short notice given in one instance, it was found impossible to make arrangements for the despatch of a number of coloured labourers to the Caledon District. It is particularly requested that at least three clear days' notice be given when parties of men exceeding 10 in number are required.

It is sufficient comment on the condition of the building trade to note that only four requisitions from employers in this branch were received. The number of men sent to definite work was 103, made up as follows:—Building trades, 10; engineering trades, 5; factory workers, 12; clerks, canvassers, salesmen, etc., 3; servants (indoor and outdoor), 9; labourers, 52; total, 103.

88 men were sent to work during the preceding month. The increase was chiefly in respect to unskilled labourers and handy men. The total number of applications for employment (including renewals) received during the period under report was 268, of which the following is an analysis:—

	EUROPEAN.		COLOURED.	
	Class I.	Class II.	Class I.	Class II.
Artizans, building trades	24	8	9	15
„ Engineering „	15	5	2	1
Factory workers (not included in above) ...	12	5	2	6
Clerks, bookkeepers, storemen, canvassers and salesmen	10	10	3	3
Coachmen, waiters, gardeners, &c.	10	17	7	14
Overseers, warders, and gangers, etc.	1	2	—	—
Farm hands ...	—	—	1	1
Labourers and handy-men	4	8	3	70
Totals ...	76	55	27	110
Grand Total ...	268			

155 applications were received during the preceding month. As regards women: There was a demand for 1 clerk, 20 factory hands and 12 domestics, the total 33. 27 approved applicants for employment (including two Europeans) were registered, and of these 20 were sent to situations—18 to factories and 2 in domestic capacity. Very few of the applicants evinced any desire to undertake domestic service, and there is no doubt whatever that domestics with good references and of undoubted respectability have little need to seek assistance in obtaining employment.

A letter has been addressed by Mr. G. Valder, the Commercial Agent of the Government of New South Wales, to the Mayor of Cape Town, notifying the desire of the Commonwealth Government to assist in the repatriation of those men, who, on account of the prevailing depression in South Africa, have been unable to secure employment.

The following clause is included in the Municipal Bill to be presented to Parliament during the forthcoming Session:—

“To provide for the payment by contractors with the Council to their work people of a standard rate of wages, and also for the observance of standard hours of labour as may be recognised in the respective trades or as between associations of employers and workmen, and to make provision for securing the compliance of contractors with the said provisions and to provide penalties for the breach thereof, and to make provision for assigning or underletting contracts.” February 4th, 1907,

Notwithstanding the warning issued by H.M. Consul at St. Paul de Loanda in October last, and published in Labour Reports and the Daily Press: That men should not proceed to Portuguese West Africa unless they had previously received a definite offer of employment, numbers of persons, many unprovided for with means are still reported to be arriving by every steamer. It therefore becomes necessary to issue a further warning to British subjects that there is only the very slightest hope of their obtaining employment on the Benguela Railway, unless provided with a written agreement from the contractors, and that unless they have sufficient means to return to their homes they may find themselves in an unhealthy and expensive country without means of subsistence.

BUILDING PLANS.—Plans was approved by the various Municipalities to the value stated hereunder:—Cape Town (15), £33,335. Woodstock (3), £140. Claremont (6), including a villa and two dairies. Rondebosch (3), including a dwelling in Mount Road. Wynberg (3), £1,000.

INDUSTRIES.—Biscuit-making—Improved. Cake-making—Fair. Shop-fitting—Quiet. Baking—Normal; really competent workmen have little difficulty in obtaining employment. Joinery—Dull. Printing—Conditions for compositors are still unsatisfactory; lithographers and machinists are busy. Furniture-manufacture—Very depressed. Milling—Normal. Sailmaking—Improved. Engineering—Fair to dull. Lead-pipemaking—Brisk. Plumbing—The outlook is brighter. Tobacco-manufacture—Fairly busy. Cigarette-making (hand)—A slight improvement. Sheetmetal-working—Improved. Coach-building—Very dull. Harness-making—Fair to good. Granite-dressing—Slowly improving. Fibrous plaster-working—Dull. Tanning—Busy.

Municipal and other Works in progress.—Work is proceeding in connection with the following scheme, an aggregate of about 350 men being employed: Gas Company—Pipe-laying, Cape Town; Kloof Nek Reservoir; Dock Road Paving; Drainage Works, Salt River; Alterations to Old Jetty, Cape Town; Road-making, Maitland; Drainage Works, Wynberg.

On the 5th February, the City Council decided to proceed with the paving of Adderley and Plein Streets and a portion of Darling Street; and on the 12th instant it was decided to proceed with the erection of Public Baths.

	Married.	Single.	Total.

„ on January, 31st ...	7	152	159
Decrease of ...	37		

The number of women and children dependent or partly dependent upon the married men was 22, or 3·14 per family. 13 men arriving in a destitute condition from other centres, were sent to the various camps.

Salvation Army Workmen's Metropole.—During January sleeping accommodation for a nightly average of 199 men was provided by this Institution.

Vagrancy.—Convictions during December, 31; January, 74; increase, 43.

GENERAL SUPPLY AND DEMAND.

Aberdeen.—The building trade is fair. **Beaconsfield.**—About 3,000 natives are required for the mines. **Britstown.**—Farm hands are unobtainable. **Craddock.**—A number of clerks are unemployed. Road rations were issued to several Europeans passing through the town. **East London.**—In all branches of trade the supply of labour exceeds the demand. **Hopetown.**—Native labourers are required for farm and mining work. **Kimberley.**—A number of men are still employed on relief works. **King William's Town.**—Numbers of men are still daily passing through the town in search of employment. **Mossel Bay.**—There is activity in the building trade. **Port Elizabeth.**—A total of 20 men were provided with employment during January. A large number of natives have recently arrived in the District, and Labour Agents are busily engaged in recruiting. There is no settled improvement to be noted, the supply of labour in every branch of trade much exceeding the demand. **Queenstown.**—With the exception of the farming industry, labour conditions are unsatisfactory.

The districts generally do not need special comment as the supply is reported to be equal to the demand. The reports indicate that in the undermentioned centres the supply exceeds the demand, although in the larger towns this excess is gradually decreasing:—

2. COLONIAL SECRETARY'S MINISTERIAL DIVISION.

Building Trades—Cape, Cradock, East London, Middelburg, Port Elizabeth, Steynsburg, Williston. *Engineering Trades*—Cape, East London, Port Elizabeth. *Factories*—Cape, East London, Port Elizabeth. *Farming*—King William's Town and Steynsburg. *Retail Trade*—Cape, East London, George, Port Elizabeth and Steynsburg.

Unskilled Labourers.—Cape, East London, George, Herschel, Kimberley (European), King William's Town, Middelburg, Port Elizabeth, Steynsburg, Uitenhage.

The only specific demand is for native herds and farm hands at Alexandria, Calvinia, Clanwilliam, Fraserburg, Hope Town, Namaqualand, Prince Albert, Robertson, Sutherland, Uniondale, Van Rhynsdorp, Vryburg, Williston, and for mining labourers at Kimberley.

There has been an improvement in the demand for labour as follows:—*Building Trades*—Aberdeen, Bredasdorp. *Farming*—Hope Town. *Retail Trade*—Aberdeen, Bredasdorp, Hope Town, Mossel Bay. On the other hand there has been a falling-off in the demand for artisans in the building trade at Alexandria, Hope Town, Malmesbury, Tulbagh, Wodehouse.

Commander-in-Chief of His Majesty's Colony of the

THE PETITION OF THE MAYOR AND COUNCIL-
LORS OF THE MUNICIPALITY OF PORTER-
VILLE, IN THE DIVISION OF PIQUETBERG,

HUMBLY SHEWETH:

1. That by Proclamation No. 13 of 1903 the Village of Porterville was by Your Excellency constituted a Municipality under the provisions of the Municipal Act No. 45 of 1882, under the name of the Municipality of Porterville
2. That the said Municipality so proclaimed comprises the Village of Porterville and Commonage with the remainder of the farm Willemsvalley, *alias* Pomona, together bounded as follows:—Northwards by the farm Klein Essenbach; Southwards by a road and by the farm Gelukswaard; Eastwards by the farm Houdconstant; and Westwards by the farms Pampoenkraal and Klipdrift.
3. That one STEPHANUS SEBASTIAAN WALTERS (JAN HENDRIK'S son), is the registered owner by Deed of Transfer in his favour, of date the 17th August, 1892, of the place now called Uitvlugt which is the remainder of the farm Willemsvalley, *alias* Pomona, included as aforesaid within the said Municipal limits.
4. That the said place Uitvlugt is a large farm some 1,634 morgen in extent and that it is neither for the benefit of the Municipality or the owner thereof that the said place Uitvlugt should be within Municipal limits, because the burden of maintaining the roads and furrows thereon would be too great for the Municipality to undertake and because apart from the maintaining of such said roads and furrows the existence of the said place within Municipal limits would confer on the owner thereof not only no benefit, but the burden of taxation.
5. That the said Stephanus Sebastiaan Walters is desirous that his said farm should be excluded from the limits of the Municipality of Porterville and has made application to Your Petitioners to acquiesce in such exclusion.
6. That the Council of the said Municipality has passed a resolution in favour of granting Mr. Walter's request, subject to his paying the expense, if any, to be incurred in connection with the exclusion of his said farm from municipal limits.
7. That an extract of the said resolution is hereunto attached.

Wherefore your Petitioners humbly pray that Your Excellency may be pleased in terms of Section 8, Sub-section 6 of Act No. 45 of 1882, to amend the boundaries of the Municipality of Porterville so as to exclude the remainder of the farm Willemsvalley *alias* Pomona, now called Uitvlugt, measuring one thousand six hundred and thirty-four morgen and one hundred and twelve square rods, situate in the Division of Piquetberg; Fieldcornetcy of Twenty-four Rivers, from the said Municipality, and to have the boundaries of the said Municipality of Porterville proclaimed to be as follows:—Northwards by the farm Klein Essenbosch, southwards by the farm Gelukswaard, eastwards by the farm Houdconstant and westwards by the remainder of the farm Willemsvalley, *alias* Pomona, called Uitvlugt.

And your Petitioners as in duty bound will ever pray.

EDWARD THE SEVENTH, by the Grace of God, of the United Kingdom of Great Britain and Ireland, and of the British Dominions beyond the Seas, King, Defender of the Faith, Emperor of India.

To the Sheriff of the Colony of the Cape of Good Hope, or his lawful Deputy,

GREETING!

WHEREAS upon the Petition of JAMES SANDERSON, of East London, it appears to Us that SAMUEL B. GLASER and JOSEPH GLASER, carrying on business in co partnership under the style or firm of Glaser Brothers, at Jamestown, in the District of Aliwal North, and at Molteno, are justly and truly indebted to the said Petitioner in the sum of £106 19s. 0d., being the amount of an account due to him for goods sold and delivered:

And whereas it appears to Us that on the 10th January, 1907, judgments were obtained in the Periodical Court of the Resident Magistrate for the District of Aliwal North, holden at Jamestown, by four several creditors against the said Defendants for a total amount of £411 16s. 4d., together with the sum of £11 0s. 9d., being the taxed costs and charges incurred by the said creditors in obtaining judgment, and that writs of execution were duly issued out of the said Court against the goods and chattels of the said Defendants for the said amount, and that the Officer of the said Periodical Court at Jamestown was thereby enabled to pay the said four creditors the sum of £123 12s. in part satisfaction of the said writs:

And whereas it appears that on the 10th January, 1907, alias writs of execution were issued out of the said Periodical Court in respect of the said judgments obtained against the said Defendants and were on the 14th January, 1907, endorsed by the Resident Magistrate of Molteno for execution in his District, and that an attachment was made thereunder:

And whereas it appears that on the 21st January, 1907, the firm of John Garlick, carrying on business at East London, obtained judgment against the said Defendants in the Court of the Resident Magistrate of Molteno for the sum of £84 15s. 6d. and £1 16s. 0d. taxed costs, and that a further attachment was made on behalf of the said creditor.

And whereas it further appears that there are creditors other than the above-mentioned, and your Petitioner, to whom the said Defendants are largely indebted, and that there are not sufficient assets of the said Defendants to satisfy their indebtedness:

And whereas it appears that after deducting the said payment of the sum of £123 12s. 0d. there still remains exclusive of the Petitioner's debt of £106 19s. 0d., the sum of £374 15s. 10d. due to non-judgment creditors besides the Messenger's charges:

And whereas it further appears that the partner SAMUEL B. GLASER did leave his place of business, at Jamestown, on the 10th November, 1906, and that he has left this Colony and proceeded to New Zealand, and that since the 13th November, 1906, his whereabouts have been unknown, and that the said SAMUEL B. GLASER having thus departed from the Colony has done so with the intention of defeating or delaying the Petitioner and other creditors in obtaining payment of their debts, and that in consequence thereof the said partnership has per the said SAMUEL B. GLASER committed an act of insolvency:

Whereupon the Petitioner prayed that the Estate of the said Glaser Brothers might be sequestrated for the benefit of the Creditors thereof:

And whereas it also appears to Us of record that the Right Honourable the Chief Justice, Sir John Henry de Villiers, P.C., K.C.M.G., one of the Judges of the Supreme Court of the Colony of the Cape of Good Hope, did, by an Order under his hand, bearing date the 18th day of February, 1907, place the Estate of the said Glaser Bros. under sequestration in the hands of the Master of the Supreme Court until the same should be thereafter adjudged to be sequestrated:

Now, therefore, We command you that you summon the said SAMUEL B. GLASER and JOSEPH GLASER, trading as aforesaid, that they appear before Our Judges of Our Supreme Court of Our said Colony, at Cape Town, on the 27th day of February, 1907, at 10.30 o'clock in the forenoon, to shew cause, if any, why their Estate should not, by sentence of the said Supreme Court, be adjudged to be sequestrated for the benefit of their creditors: and serve on the said SAMUEL B. GLASER and JOSEPH GLASER, trading under the style or firm of Glaser Brothers, a Copy of this Summons and return you this Summons immediately after the service thereof, with whatsoever you have done thereupon.

Witness:—The Right Honourable Sir John Henry de Villiers, P.C., K.C.M.G., Our Chief Justice of Our said Colony, at Cape Town, the 19th day of February, 1907, in the Seventh Year of Our Reign.

After leaving the farm Welvanpas the pipe line enters Crown Land commonly called Native Territory going from South to North of Headman Fodo's (Neise) Location, crosses the Neise River to the East of the Wagon drift and from thence passes through from South to North of Headman Paul NKala's (Kambi) Location on which it again crosses the Umtata-Kambi Road. The whole of the aforesaid portion of the works being within the District of Umtata. Leaving Paul NKala's Location the pipe line crosses the Umtata River about 600 yards east of the Kambi wagon drift into Cameron Ngudle's location in the District of Tsolo, East Griqualand, passes through the said location to the Intake or Impounding Reservoir at the Unreserved forest of Kambi below the fall of the Ntembezi Stream known as the Kambi Falls, the said Intake being situate

De voorwaarden van de verpachting zijn als volgt:—

1. Een jaar huur zal aan den Civielen Commissaris op den dag der verpachting betaald worden, en als de pacht-tijd meer dan een jaar zal zijn, zal de gereedelijke betaling van de huursom vooruit voor het volgende jaar of de volgende jaren door goedgekeurde borgen verzekerd worden: mits echter de Civiele Commissaris twee jaar huur vooruit mag ontvangen, in welk geval genoemde borgstelling niet noodig is.

2. De Regeering behoudt het recht de pacht te eindigen, mocht het dienstig geacht worden den grond te verkoopen of andere omstandigheden het te eeniger tijd noodig of dienstig maken, op twee maanden kennisgeving; en in zulk een geval zal de huur, betaald voor een nog niet afgeloopen deel van het loopende jaar, aan den huurder terugbetaald worden.

3. Gouvernements landmeters, bezig met het opmeten van Kroon of anderen grond met hunnen assistenten en bedienden, zullen ter alle tijde recht van toegang hebben, tot alle deelen van den verhuuren grond voor professionele doeleinden.

4. Het recht om te zoeken en graven naar erts, metalen, delfstoffen, of edelgesteenten is aan de Regeering of aan alle door haar gemachtigde personen voorbehouden, behalve in zoo ver als zulk recht de rechten en privilegien van gezegde huurders ten opzichte van edelgesteente en delfstoffen moge beperken, als bepaald bij eenige wet te dien opzichte.

5. De Regeering neemt niet op zich eenige bakens aan te wijzen. De beschrijving van het stuk grond zal op den pachttag gegeven worden, en de huurder zal daarop verwacht worden de uitgestrektheid van het door hem gehuurde land te vinden.

6. De huurder zal bij het vervallen of anderszins eindigen van den huur, geen aanspraak hebben op eenige vergoeding voor verbeteringen aangebracht gedurende den huurtijd, maar deze zullen het eigendom der Regeering worden.

7. De huurder zal alle bestaande verbeteringen op den grond gedurende den huurtijd in goeden staat moeten houden en die in goeden staat afleveren, maar zal niet gerechtigd zijn tot eenige vergoeding daarvoor.

8. De huurder zal de pacht niet overdragen of den grond of eenig deel daarvan onder verhuren, of eenige gebouwen daarop, zonder dat eerst de schriftelijke vergunning der Regeering verkregen is.

9. De huurder zal zijn pacht geheel en volstrekt verliezen op het breken van eenige hem bindende voorwaarde.

10. De Regeering behoudt zichzelve het recht voor om het aantal personen te beperken, die op den hierbij verhuurden grond mogen wonen gedurende het bestaan van de pacht, en om op aanbeveling van den Afdeelingsraad na behoorlijk onderzoek ingesteld met medeweten van den huurder, hetzij zoodanig aantal personen te verwijderen als zij te veel moge oordeelen, of de pacht nietig te verklaren als haar billijk onder de omstandigheden moge voorkomen.

11. Het bewonen van grond onder deze huur zal niet beschouwd worden *bona-fide* occupatie te zijn onder de bepalingen en voor de doeleinden van artikel 20 van Wet No. 40 van 1895.

Andere voorwaarden mogen op den koopdag genoemd worden.

De zegels die volgens Wet 20 van 1884, aan het huur kontrakt moeten gehecht worden, zullen vrij van onkosten door de Regeering aan den huurder verschaft worden.

26. 27. Every keeper shall, for the use of the lodger received into his house, cause to be provided a sufficient number of basins or other receptacles for water, of adequate capacity and suitably placed and a sufficient supply of water, and a sufficient number of towels for use in connection with such basins or other receptacles.

He shall cause such basins or receptacles to be kept clean and in good order and the supply of towels to be renewed from time to time as often as may be requisite.

28. No keeper shall at any time cause or suffer any room which may be appointed for use as a kitchen or scullery or as a common living or sitting room to be used or occupied as a sleeping apartment.

29. The Council shall, on application, provide every keeper with a copy of these bye-laws, which he shall fix and maintain in a suitable and conspicuous position in the common sitting room of his house in such a manner that the contents of such copy may be clearly and distinctly visible and legible, and shall enter upon the space left for the purpose at the end of that copy, a scale of the charge per day for board, lodging and necessaries to be made by him; and he shall not make a higher charge than is provided by the scale on any pretence whatever.

He shall not at any time conceal, deface, alter or obliterate or permit or suffer to be concealed, defaced, altered, or obliterated any part of the contents of such copy, or injure or destroy such copy.

(Name of licensed keeper to be inserted here.)

And also the full name of the licensed keeper as shewn above in legible and durable capital printed letters not less than one inch square.

32. No person shall obstruct any officer or person engaged in securing the execution of these bye-laws.

33. No person other than a licensed keeper, whose licence has not been suspended or revoked, shall by means of any agent, servant, sign, notice, inscription, ticket, placard, advertisement, circular, letter, document, word of mouth, or by any other ways or means howsoever, hold himself out as keeping or purporting to keep a licensed house.

34. No licensed keeper nor any person employed in his house shall admit into nor harbour nor allow to remain in nor neglect to exclude from his licensed house any thief, reputed thief, prostitute, reputed prostitute, or any other person of immoral or improper character.

35. Every person who shall offend against or commit a breach of any of the foregoing bye-laws shall be liable for every such offence or breach to a penalty not exceeding ten pounds.

36. Nothing in these bye-laws shall apply to the lodging or boarding of a seaman in any house or lodgings rented and occupied at the same time by his wife, father, mother, brother, sister, or other near relation or to the case where a seaman usually lodges in a house not ordinarily used as a seaman's lodging-house.

**In the Court of the
Eastern Districts of the
Cape of Good Hope.**

Grahamstown, Thursday, 21st February, 1907.

In the Matter of the Petition of ALICE GILCHRIST (born Prior), of Gubenxa, in the District of Elliot, married out of community of property to John Robert Gilchrist, of Barkly East, and by him assisted herein as far as need be.

UPON the motion of Mr. Van der Riet of Counsel for the above-named Petitioner, and having read her Petition, lodged under the provisions of the "Titles Registration and Derelict Lands Act, 1881," setting forth (1) that certain piece of freehold land containing one acre, being Lot 48, Block D, on the general plan, situate in the vicinity of the Village of Panmure, now Ward No 3 of the Township of East London, formerly Territories of British Kaffraria, bounded North by road-way, South by Lot 21, East by Lot 47, and West by Lot 49 on the general plan, was granted in freehold to one Friedrich von Langen, a gentleman cadet of the German Military Settlers, as will appear from the Deed of Grant in his favour, dated the 1st November, 1864, (2) that several sales of the said property have taken place, the first having been made in or about the latter part of the year 1865 (before the said Deed of Grant was completed) by the said Friedrich von Langen to one Philipp Scholl for the sum of £6; the second in or about the month of November, 1875, by the said Philipp Scholl, to one Christoph Diemer for the sum of £12 0s. 0d; the third some time later by the said Christoph Diemer to one Salvino Introna, variously described as Salvino Indron and Savino Indron; and last on the 19th day of August, 1892, by the said Salvino Introna to the Petitioner for the sum of £100 0s. 0d., (3) that during the year 1864 prior to the issue of the Title to him of the said land the said Friedrich von Langen left this Colony and granted a Power of Attorney to the said Philipp Scholl to receive the Deed of Grant when issued, (4) that under and by virtue of the said Power of Attorney, the said Philipp Scholl at the end of the year 1864 received the original Deed of Transfer aforesaid issued by the then Lieutenant-Governor of the Territories of British Kaffraria at the Surveyor-General's Office, King William's Town, and paid the sum of £1 1s. 0d. the fee due in respect of the issue of the said Title Deed, (5) that the said Friedrich von Langen has not been heard of since he left the Colony in 1864, and the said Philipp Scholl omitted to get a Power to transfer the land from him before he left, and it is not possible to get one now as his whereabouts are unknown, and for this reason the said Philipp Scholl has been unable to get title to the said property, which still stands registered in the name of the original grantee, and transfer to the immediate purchasers has also been prevented, (6) that Petitioner since the date of purchase by her has paid all assessments on the property, and is and has been since the sale to her of the said property in full and undisturbed possession, and having acquired the rights of the property by purchase is desirous of obtaining full title thereto by having transfer passed in her favour, but is not able to have this done in the ordinary manner by reason of the said Philipp Scholl having failed to get transfer in his name in the first instance as aforesaid, (7) that in October, 1892, application was made on behalf of the said Philipp Scholl to the Circuit Court sitting at East London to have transfer passed to him so that title might be given to the said Christoph Diemer, who had bought the said property from him as aforesaid, and this application was refused, leave being granted to apply again on further information being given, and praying for an order authorising the Registrar of Deeds, at King William's Town to pass transfer in her favour of the said piece of land, and having also read her verifying affidavit and the other papers filed of record.

IT IS ORDERED

That a Rule *nisi* do issue calling upon all Persons claiming or pretending to have any right or title to the said property to appear in the Court of the Eastern Districts of the Cape of Good Hope, at Grahamstown, on Wednesday, the 15th day of May, 1907, and establish their claim, if any, or be barred therefrom for ever: rule to be published once in the *Government Gazette* and twice in the *East London Despatch*.

And the Corporation may modify the application made in such a manner as they may deem expedient.

3. The kind and size of supply pipe necessary, and the proper point for the introduction of the water, will be determined by the City Engineer or other authorised officer of the Council.

4. All pipes required for the purpose of private supply from the Corporation mains in the public streets to the boundary of private property or as far as the meters, and all fitting, taps and apparatus in connection therewith, shall be supplied and fixed by the Council, at the expense of the owner of the property requiring to be supplied.

5. No house or block of offices in the same building owned by the same person, shall have connection with the pipes or other fittings of any other premises.

6. No pipe which is used for conveyance of or in connection with water supplied by the Corporation shall be laid through, in, or into any trough, drain, ash-pit, manure-hole, or any other place from which in the event of any defect or decay or injury to such pipe, the water might be liable to become fouled or to escape without observation or without occasioning the necessity for immediate repair.

In any case in which any such trough, drain, ash-pit, manure-hole, or any other place as aforesaid, shall be in the unavoidable course of the pipe, such pipe shall be passed through an exterior cast iron pipe or pipes jointed to the satisfaction of the City Engineer, or box of sufficient length and strength, to afford due protection to the water pipe, and to bring any leakage or waste within the means of easy detection.

7. Every person who lays or fixes on any premises a service pipe which is intended to be used for the purposes of the supply of water by the Corporation, shall cause every curve or bend in such pipe to be made so as not to diminish or alter the internal diameter of such pipe at any point.

11. Before connection for any supply of water can be made, or before any additional pipe or fittings, can be connected to an existing service pipe, the work, pipe and fittings, must be inspected and approved by the proper officer of the Corporation.

12. In the event of any leakage or other accident connected with the water supply, notice thereof shall be sent at once by the owner or occupier to the said City Engineer's Department of the Corporation.

13. Any consumer's pipe or apparatus, laid, fixed, or used otherwise than in accordance with these Regulations or the materials or workmanship of which shall, in the opinion of the duly authorised officer of the Corporation be, or become of bad or defective quality, or otherwise unfit for use, must in and where the Corporation so require, be discontinued and disused by the consumer.

A set of approved standard apparatus is exhibited at the City Engineer's Office, but the City Engineer will give due consideration to the claims of any other apparatus which may be presented for approval and which if considered satisfactory will be stamped and a sample purchased and placed among and become one of the standard apparatus.

Where water is supplied by meter the fitting on the outlet side of the meter may be of any other than the standard kind. In the event of the meter being removed, all apparatus must accord with these Regulations before a continuation of the supply of water will be granted.

17. From the boundary line of the street all the service pipes, unless otherwise specially agreed upon, shall be of lead and of the following weights per yard:—

$\frac{1}{2}$ inch diameter, 7 lbs. per lineal yard.
 $\frac{3}{4}$ inch diameter, 10 lbs. “
1 inch diameter, 14 lbs. “

No tap, cock, or pipe (except on the premises of consumers supplied by meter), shall be fixed in a position to discharge direct into any drain, pipe, or place or in any manner so that the water might run continuously to waste without being noticed or causing inconvenience to the consumer.

All overflow pipes must be carried through the outside walls below the eaves of the roof and discharge into the open-air in such a manner as to be visible to the occupiers of the house or the officers of the Corporation without entering the house.

20. No piping outside any building shall be laid underground less than fifteen inches beneath the surface of the ground. No lime shall be used in re-building walls around pipes.

Every storage cistern must be made perfectly dust-tight, water-tight and constructed in such a manner as to admit of easy inspection and repairs by the provision of large manholes fitted with cast iron covers to exclude dust, etc. Each outlet pipe from such storage cistern if fixed in the bottom shall be carried up inside one inch above the bottom of the cistern and if fixed in the side shall be at least one inch above the bottom, and such outlet pipe shall be commanded by an efficient screw-down stop valve placed in readily accessible position within one foot of such cistern. All such apparatus shall be maintained in good condition by the owner or agent of the property.

There shall be a separate opening at the bottom of the cistern for cleansing which must be properly fitted with a ground brass valve.

24. The top of the overflow pipe must be $1\frac{1}{2}$ inches from the top of the cistern, and the ball-cock so adjusted that it will be shut when the water is two (2) inches from the top of the overflow pipe, or three and a half ($3\frac{1}{2}$) inches from the top of the cistern, and so as not to become submerged when the cistern is full.

25. The position of the overflow pipe shall not be changed without previously notifying the City Engineer thereof and his consent in writing being obtained.

26. No person shall without the previous consent in writing of the City Engineer cause or suffer a cistern buried or excavated in the ground to be used for the reception or storage of water supplied by the Corporation.

27. Every flushing cistern must be so constructed as to render impossible a continuous flow of water through it, either by overflow or down the discharge pipe.

28. All persons supplied with water shall only use screw down taps, and all taps attached to wash-hand basins, baths, or other apparatus, shall be so fixed as to be easily accessible for inspection and repairs.

29. Every person having a fixed bath or wash-hand basin shall have it so constructed that the water shall flow in above the bottom and be discharged from the bottom. The outlet of such bath or basin shall be furnished with a suitable valve, plug or cock, which shall be well fitted and perfectly water-tight, and every such bath and wash-hand basin shall be furnished with an overflow.

30. All premises dependent upon a continual supply of water for trade purposes must have a cistern or cisterns provided to hold not less than half a day's supply according to the usual average consumption to provide for accidents to the mains or alterations thereof, and the connection or repair of service pipes and fittings.

31. No person having a boiler for hot water or for generating steam shall have a supply of water for such boiler direct from the Corporation main, but every such boiler shall be supplied from a cistern.

32. Air vessels or relief valves, of such dimensions and construction as may be approved of by the City Engineer, shall be attached to all water engines and hydraulic lifts.

33. No apparatus, capable of discharging automatically shall be fitted or fixed, except where the supply of water to the premises is taken through a meter or such apparatus is allowed by special agreement with the Corporation, in writing, under the hand of their City Engineer.

34. The Corporation shall, at the request of any owner of any house or premises, furnish him with a supply of water by meter.

35. The use of meters shall be compulsory in the case of clubs, hotels, bottle stores, fish shops, bakeries, photographers' studios, butchers' shops, nursery and market gardens, brickmakers, livery stables, cowhouses or places used for the feeding of cattle, laundries, public or swimming baths, schools, aerated water manufactories, or in any case where the Corporation may consider that the quantity of water consumed warrants the use of a meter. No unauthorised person shall cause or allow any meter to be moved or disconnected from the service pipe or in any way altered or interfered with.

36. The Corporation shall be entitled to place a meter temporarily within the premises of any consumer to ascertain the quantity of water used.

37. All meters will be supplied, fixed or disconnected by the Corporation and a rent may be charged for the same, which will include all repairs except damage by fire or insufficient protection, or working of an engine propelled by water.

38. The position of the meter and the line of the service pipe leading to it must be the subject of special agreement with the City Engineer.

39. Should any consumer dissatisfied with the meter readings desire to have the same tested, arrangements shall be made for such test to be undertaken by the City Engineer, upon the deposit of the sum of 10s. 6d. with the City Treasurer, which deposit shall be refunded in the event of the meter being found inaccurate upon the test being made. The consumer may be present during the test and the result thereof shall be final and conclusive.

40. The owner of the premises shall cause the meter (when not fixed in the public pavement) to be protected to the satisfaction of the City Engineer.

41. The Officers of the Corporation may at all reasonable hours enter into any house, building, or lands to, through, or into which water is supplied by measure, to inspect the meters, instruments, pipes, and apparatus for measuring, conveying, receiving, or storing the water, or for the purpose of ascertaining the quantity of water supplied or consumed, or for the purpose of removing any meter, instrument, pipe, or apparatus, the property of the Corporation; and any person who hinders such officer from entering or making such inspection or removal is liable to a penalty not exceeding ten pounds.
